Alma Mater

(Tune—Sextet from Lucia)

(1)

Alma Mater of the Mauntains
West Virginia Wesleyan
At thy magic mystic fountains
Noblest dream of life began.
We, thy children, now adore thee;
We, thy children, baw before thee;
And pledge God, who watches o'er thee.
Thau shall fill the ample measure of his plan.

(3)

Alma Mater of the Highlands
Guardian of romantic years
Thau dast bring us to the skylands
With thy faith dispel our fears.
Give us friendship waning never
And a call to the high endeavor
And championship forever, with the
God who guides the caurse of the spheres.

(2)

Alma Mater, Queen of Learning,
Of the Orange and the Black,
At thy call to wisdom turning
Naught of worth thy sans shall lack
Far the teaching of thy sages
With the writ of sacred pages
Will transmit the wealth of ages
Down the future's ever wider, brighter track.

(4)

Alma Mater of the Mauntains
West Virginia Wesleyan
At thy magic mystic fountains
Noblest dream of life began.
We, thy children now adore thee;
We, thy children, bow befare thee;
And pledge Gad, who watches a'er thee
Thou shall fill the ample measure of his plan.

-WALLACE B. FLEMING.

dork time, stronge trogic time there? Hove we not heard dork time, stronge time, the dork, the moving tide of time os it flows down the river?)

And in the night time, in the dark there, in all the sleeping silence of the earth have we not heard the river, the rich immortal river, full of its strange dark time?

Full with the pulse of time it flows there, full with the pulse of oll men living, sleeping, dying, woking it will flow there, full with the billion dark and socret moments of our lives it flows there. Filled with all the hope, the madness and the possion of our youth it flows there, in the doytime, in the dork, drinking with ceoseless glut the land, mining into its tides the earth as it mines the hours and moments of our life into its tides, moving against the sides of ships, foaming about piled crustings of old whorves, sliding like time and silence by the vost cliff of the city, girdling the stony isle of life with moving waters—thick with the wastes of earth, dark with our stains, and heavied with our dumpings, rich, rank, beautiful, and unending as all life, all living, as it flows by us, by us, by us, to the see!

ROBERT S. GAY
Business Manager

Facing our task of depicting the passing schoolyear in these pages, the Staff of the 1948 MURMURMONTIS was acutely aware of the words "time and change" which are the lifeblood of any college annual. Our thinking about time and change toak a philasophical turn and we met one Heraclitus, sage of the Ephesus of ancient Greece. His imperturbable wisdom, reducing time and change to the delightful metaphar, "you can't step into the same river twice," started us thinking of time and change in terms of moving water.

This trend of thought led us directly to the enormously modern Thomas Wolfe and his expansive novel, **Of Time and The River**, in which he likened the ceaseless-change character of time to the eternal flow of a mighty river. We knew instantly we'd found the theme material for which we'd been searching when we came an those time-river paragraphs of Wolfe's which appear opposite the title page of this '48 MURMURMONTIS.

Wolfe's time-river analogy inspired the caver design in which we have sought to portray, in terms of the theme and in madern symbolic forms, the essence of time and change at Wesleyan during the 1947-1948 schoolyear. The mouth in the distant mountain range was included for good measure to symbolize the meaning of MURMURMONTIS—namely, "the voice of the mountains."

We have been privileged to dedicate the 1948 MURMUR-MONTIS to two of West Virginia Wesleyan's greatest benefactors, Mary Lowe West and the late Calvin A. West.

Time's tides in their ceaseless ebb and flow have carried the College far from its early life and death struggles with the material aspects of existence. To the many distinguished administrators who have labored faithfully in its service belongs our gratitude for much of the success our Alma Mater has enjoyed. We are equally indebted to a small group of philanthropists whose interests in higher education have centered on West Virginia Wesleyan. Their benefactions, together with the invaluable service rendered the College by capable administrators, have immeasurably ennobled the vision of Wesleyan's founders.

It well behooves those of us in the College today, then, to know our benefactors—philanthropic and administrative—and, knowing them, give eternal thanks for their united interest in our beloved Alma Mater.

Calvin Alexander West 1871-1936

Murmurmontis Dedication

Long a prominent figure in the national shoe industry, the lote Mr. West was highly recognized in the field for his administrative leadership as a corporation director. He held many patents covering important technological processes basic in modern shoe manufacture, and he was, in addition, a leading shoe stylist.

Both Mr. and Mrs. West were long active in the Church. Since the death of Mr. West, in 1936, Mrs. West has contributed even more largely of her services and resources. The lives of service to others lived by these two notable West Virginia Wesleyan benefactors will be remembered generations hence by students gathered to worship in the simple beauty of the Calvin A. West Memorial Chapel.

Building a Greater

Men's Dormitory Group

The Administration Building

The President's Home

Agnes Howard Hall

Wesleyan

Calvin A. West Memorial Chapel

The Men's Dormitary Group will be erected an the north end of the campus in the area between the Haymand Science Hall and the ald Callege Spring. \$200,000 has been raised and set aside to begin construction on these buildings at an early date.

Each of the two wings of the dormitory group has been designed to accommodate 110 men. A great hall, planned to provide facilities for the social and recreational needs of those living in the dormitories, will eventually jain the wings which are at present scheduled for construction as separate units.

The Calvin A. West Memorial Chapel, a gift of his wife, Mary Lowe West, has been planned to provide the campus community with a center for worship.

The simple architecture of the building, based on graceful Georgian Calonial lines, will focus in a spacious "meeting place" the spiritual unity of Wesleyan's religious heritage. Provision has been made for the installation of a pipe organ. The Chapel, it is planned, will serve not only as a center for regular services but also as a quiet place for daily meditation.

For Those Who

Loar Memorial Hall of Music and Fine Arts

The Loar Memorial Holl of Music and Fine Arts, scheduled far canstruction os soon as labor and materials are available, is the gift of the late Mrs. Lawson L. Loar of Clarksburg.

Mrs. Loar, widaw of a Clarksburg business executive and civic leader, designated the Callege as residuary legatee in her will. \$100,000 was ollatted for construction casts and \$150,000 has been established as an endawment fund to support and maintain the Memorial.

The Gymnasium

The Music Hall

Shall Follow

The Annie Merner Pfeiffer Library, one of the many benefactions made by the late Mr. and Mrs. Henry Pfeiffer to the cause of higher education, has been planned far construction in the area north of the Administration Building near the tennis court.

The first flaar of this building will hause the College Administrative affices. A large reference and general reading raam will occupy the second floor. Ample stacks to house 50,000 valumes are planned. An autstanding feature of the building, a bas-relief memorializing the unian of Methodism in West Virginia, will be located in the foyer.

Some Notes

from the

President of the College

"The Moving Finger writes; and, having writ, Moves on: nor oll your Piety nor Wit Shall lure it back to concel half a Line Nor all your Tears wash out a Word of it."

from THE RUBAIYAT OF OMAR KHAYYAM by Fitzgerold.

Not only does this volume mark another year in the history of Wesleyan, recording as it does the outstanding events of the past twelve months, but it focuses thought on values. "For what shall it profiteth a man if he gain the whole world and lose his own soul."

You, who are now leaving Wesleyan as graduates look back upon your time in its halls as precious memories. As you go remember to take time for laughter, for objective thought, for clear-headed study, to walk in the woods and to remember the values of life as the days go by. We charge you to look back on college days with the realization

that only those values which survive are worth giving time to. Therefore, "lay up for yourselves treasures in heaven where neither mass nor rock doth corrupt and where thieves do not break through or steal. For where your treasure is, there will your heart be also."

The editors of the **Murmurmontis** for 1948, in choosing the theme of "Time and Change," hove colled our attention to a significant aspect of modern life. We busy ourselves with endless details of time-consuming trivia and miss the majesty of life as it flows ceoselessly by. In the deeper sense life, itself, has meaning only in terms of the objectives for the investment of Time. Wesleyon has sought in the past, and will continue to seek in the future, to give foundation to the meaning of life as investment in service to others—in the name of Christ—as the consecration of life lived to the full.

On 7ime's 7ide

from the

President of the Community Council

Seven years have moved down the river of Time flowing by the Wesleyon compus since I arrived here in the Fall of 1941 and wore a Freshman dinky. Looking about me now, and back through my memories of those years, I have the feeling Change was kept constantly busy.

Europe, during my Freshman year, was already at war, but the force of Hitler's pawer had not then reached America to any great extent. Much less had the thoughts of violence entered my mind—other, that is, than the violence of smashing through the line of an opposing football team. Then, like all of you, I too was finally shocked, by the ottack of the Japonese on Pearl Harbor, December 7, 1941, into action toward the defense of our country. I won't dwell on those war years as familiar as all of us still are with those trying times.

On returning to Wesleyan in the foll of 1946, the compus seemed to me then to have resisted Time and Change—I found it comfortingly familiar. There were quite a few familiar foces, both af the faculty and the student body. But, after being back a while, I soon began to realize Wesleyan had welcomed Change and was thus better able to withstand the stresses of those war years. By that, I mean the spirit of West Virginia Wesleyan had been kept afloat and was slowly but surely regaining the old buoyancy

of pre-war days. Gradually, more and more former students returned to the campus, and the Freshman Class more than doubled since the days when I was a Freshman. With the student body getting lorger, greater was the spirit of unity both in study and in play.

In keeping with the needs of this greater student population a new Community Council Constitution was adopted this year. This move, demanded by Time and Change, has given the students on increased opportunity to porticipate more widely in governing their school activities and organizations. I believe this one organization, alone, has done much ta unify the college, and I'm sure it will continue to do so in the years to follow. In moving beyond Wesleyan this year, the Senior Class places its trust in the classes we leave here, and the yet unborn classes of the future, to maintain a high interest in the Community Cauncil, Their ideals, thereby united, will be found to be the stepping stones to the ideals required for the high level of competence in citizenship expected of callege graduates.

As we, the class of 1948, go our various roads striving to reach the goals of our lives, we will always remember and cherish in our hearts our years at West Virginia Wesleyan. In passing on the honor of my office of the Presidency of the Community Council, I want to thank each of you for the splendid cooperation you have given the Council this year.

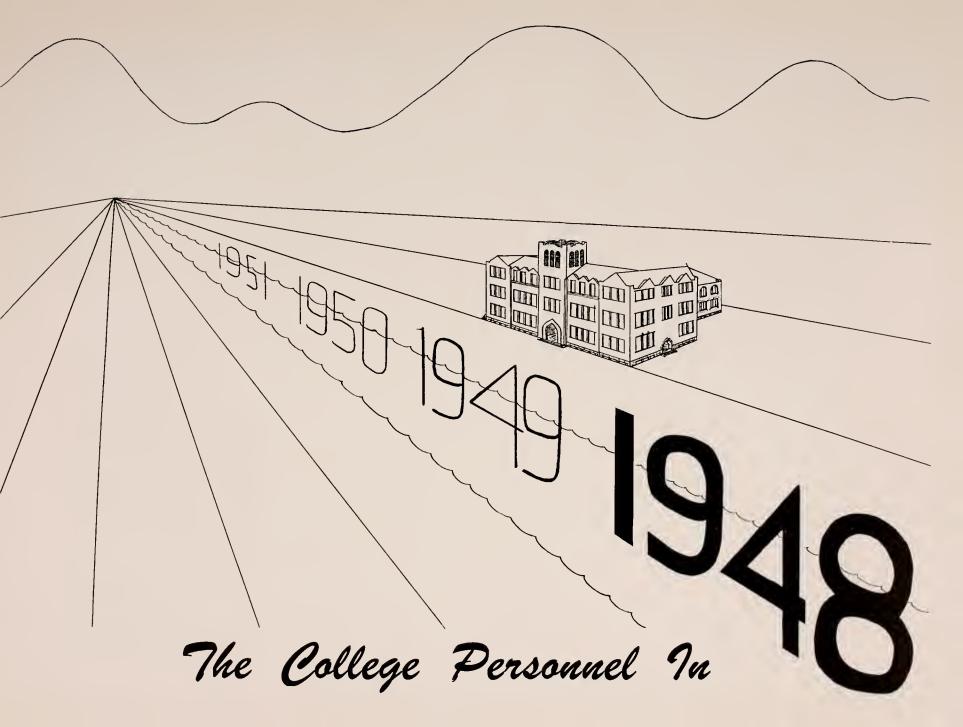

Charles William Pugh

The 1947-48 schoolyear has been carried swiftly along on the restless breast of the tide of time flowing steadily in the wide and deep expanse between the unmeasured banks of the eternal river. Seeking to capture in these pages some notion of the subtlety of Change, the itinerant artist of the pulsing time-river, we have tried to catch his brush at work, touching the year drifting on the moving stream of time and coloring it with the confusion, the inertia, the pain, the pleasure, the passion, and the glowing hope of our youth.

The year, wearied with its minute-measured journeying, slides silently into the great mouth of the mighty river through which it will at the last be swept into the forevergane swell of the lost, limitless sea of remembrances beyond. Given a moment to sum the total of those images of the year scattered two-dimensionally through these pages, we see clearly the tidemarks of change left on the campus by the alternating ebbs and floods of the restless river of eternal time.

We are made instantly aware of the loss of faces grown familiar to us in our doily contact with the administration, the faculty, the staff, and—more rarely—with the College Trustees. But in remembering these departed ones we see an array of new faces, many of them, and we see Change has compensated for his taking away of old friends by adding to our happy measure of new friendships.

The Board of

Clyde Otis Law President Wheeling, West Virginia

Born in Lawford, Ritchie County, West Virginia, in 1883, Clyde O. Law came to Wesleyon in 1901 where he received a B.S. degree in the Class of 1909. During those years he become ossociated with the Northwestern Mutual Life Insurance Com-

Graduating from Horvard University with a M.B.A. in 1913, Mr. Low was active in Clarksburg until 1920 when he moved his family to Wheeling to become a Northwestern Mutual General Agent. Active in Methodism and onxious to serve his olma mater. Mr. Low was elected to the Board of Trustees in 1919. His elevotion to the presidency of the Board in 1932. a past he has since continuously held, is evidence of the high regard in which he is held for his unflogging interest in promoting the fortunes of the College.

Bishop James Henry Straughn Member Ex-Officia Pittsburgh, Pennsylvania

Resident Bishap of West Virginio since 1939, Bishap Stroughn has shown o deep interest in the College from the beginning of his ossociotion with it. The foct that the College has received increosed individual financial support and a greater student representotion from the Pittsburgh oreo in recent years is indicative of the Bishop's obiding interest in West Virginio Wesleyon.

Bishop Stroughn was born in Centerville, Moryland, in 1877. He was ordoined in 1903, and he holds the degrees of A.B., A.M., and D.D. from Western Maryland College. West Virginio Wesleyan conferred the degree of LL.D. on him in 1941. The Bishop is a Moson and a member of the Knights of Pythios. He is well known as a writer and a lecturer.

CHARLES R. KNAPP Librarian

The Administration

Change, no respector of rank in the College hierarchy, wielded his subtle brush among the Administrative persannel during the year.

One braad stroke of his brush brought a genial new face, that of Charles R. Knapp, to replace, as the Callege Librarian, Mrs. Curry, who joined the Faculty Emeritus at the end of the 1946-47 schaal-year. Mr. Knapp came to Wesleyan from the University of Illinais where he was in charge of the Law Library.

With onother bold sweep of his brush, Change introduced a new administrative post, that of Assistant to the President, and brought Myron S. Baker from the War Assets Administration in Cleveland, Ohio, to fill the position. Mr. Baker's appointment, in Navember, 1947, came after the individual partraits were taken for the MURMURMONTIS, hence we were unable to include his picture on this page.

A highlight of the year for three of our Administrators, President Scorborough, Dean Schoolcraft, and Treasurer Williams, came on the night of the basketball game with Morshall College. Just before the game began, the three emerged somewhat sheepishly from the stands and led the Wesleyan rooters in a rousing FIGHT TEAM! Change, perched high in the rafters of the gymnasium, lifted his brush with a satisfied smile at his handiwork.

ARTHUR ALLEN SCHOOLCRAFT
Professor of Education and Psychology; Dean of the
College; Registror; Director of Admissions

The Faculty

One of the final effects wrought by Change at the close of the 1946-47 schoolyear was the retirement of Ora Douglass Curry. After twenty years of service, fourteen of them as College Librarian, Mrs. Curry jained the distinguished ranks of the Members Emeritus of the Wesleyan Faculty. Like most of her fellow Emeriti, however, Mrs. Curry has continued to give part of her time to serving Wesleyan.

As for the other Members Emeritus, Change continued to rock them gently in the forward current of the pulsing time-river. Dr. Haught spent part of the schoolyear working with Alumni Secretary Foster on the Alumni Directory which was published early in the year. Former President Fleming (1915-1922) participated in the successful campaign held early in the schoolyear to raise the second \$100,000 required to begin construction on the proposed Men's Dormitory Group; he has also been active in forming a committee of the Methodist Attorneys of West Virginia to work with the College in the matter of settling wills and bequests. Mrs. Neil has cantinued, in view of the record enrollment of students, to meet classes in the required Fundamentals of Speech course—a typical gesture of the selfless giving which has endeared Mrs. Neil to many students and graduates of the College. Mrs. Ogden is living in retirement at her home in Hadley, Pennsylvania.

Change fleefully wore his artful brush to the nub doubing the broad. heavy strokes of resignations, replacements, and additions Time dictated as she swept the Faculty along swiftly in her restless tides at the beginning of the 1947-48 schoolyear. A total of six members of the previous year's Faculty were carried beyond the Wesleyan campus, but Time and Change compensated better than two-fold by casting up no less than thirteen additions to help tend the record 1947-48 student enrollment.

Two resignations, those of Dr. Hans Tischler, Professor of Music. and Dr. Samuel D. Marble, Professor of Political Science, were balanced in the professorial rank by two odditions, Dr. E. V. Bowers, Professor of Psychology, and Dr. George H. McKee, Professor of Spanish. Professor Tischler left Wesleyan after o period of two year's service. Professor Marble, after one year here, left to become President of Wilmington College, Wilmington, Ohio - the youngest college president in the country.

Professor Bowers came to Wesleyan after a distinguished twentyfive years of service at Marshall College, the last six of which he served as Dean of the College of Arts and Sciences. Professor McKee was associated with the New London extension of the University of Connecticut before coming to Wesleyan.

Faculty

Especially active in the associate professorial rank, Change removed two familiar faces, Marie D. Boette and Louise H. Tischler, both of the Dept. of Music, and presented a tatal of eight new associates.

Professor Arnold came to Wesleyan from a junior college in his home city of Moline, III. Mr. Bartley came from Lincoln Junior College, Lincoln, Neb. Professor Downey brought to his work here the fruits of his studies at the Universities of Virginia, Chicago, and Johns Hopkins. Chair Director Forlines brought a rich background of studies in music; he came here from Morris Harvey College. Coming here from William and Mary College, the Richmond Division, Professor Nichols has completed a substantial amount of work toward his Ph. D. degree at Columbia U.

Professar Pollard, a graduate of Bostan University, teaches Piano and Music Theory. Mr. Rice, who was appointed Director of Religious Activities at the beginning of the second semester, came to Wesleyan from McKendree College where President Scarborough formerly taught. Prafessor Shaver braught to Wesleyan his experience in teaching at Northwestern Missauri State Teachers Callege. Mr. Davis, a Weslevan alumnus, recently completed graduate studies at the University of Pittsburgh, Professor Godwin has his Master's degree almost campleted at Washington University.

SIDNEY THOMAS DAVIS JOHN COCHRAN GODWIN Ass't Prof. of Rural Church Work Assistant Professor of Physics

RICHARD H. RALSTON Instructor in English

Easing up somewhat an his warn brush, Change noted the possage af the office staff of the College in the swift stream of Time. He moved Billie Lou Whethered with her shiny, new Wesleyon B.A. into Mr. Foster's Alumni Office where she taok over the past of the Secretary's secretary. Mory Ann Law left off her rale of student and was added to the stoff in the Dean's Office. Another student addition to the staff in the Dean's Office, but on a part-time basis, was Mildred Barckley who handles Public Law 346 veteran's records.

Change was doubly active tao among the ranks of the Assistant Professors and the Instructors. Three resignations were noted, those of Assistant Professor of Speech, Ronald E. Sleeth, and two Instructors, Francis B. St. Clair, Business Administration, and John Scott Withers, Physics and Mathematics. Two additions in the Assistant Professorial rank were

Other effects produced by the activity of

restless Change were the promotions of Miss

Knepshield and Miss Moore to Associote and Assistant Professorships respectively, Miss

Wilson, on her appointment as full-time Director of Student Activities, relinquished her Assistant Professorship in Religious Education.

Sidney D. Davis and John C. Godwin.

Dr. Hupp's secretary, Nita Hamilton, and Mr. Boker's secretary, Audrey W. Riffe, were appointed too late in the schoolyear to hove their pictures included in these pages.

Mrs. Ada W. Bedell felt the touch of the subtle brush of Change near the end of the first semester of the 1947-48 schoolyear; she resigned as the Callege Avenue Hause Head of Residence. Mrs. Maude Mick heeded the beckoning finger of Change and accepted the position.

Another of the many new faces Change introduced at the beginning of the year was Jean Ann McFadden who took on the task of planning menus in the College dining rooms. Madge Martin greeted Change happily as she surveyed the health office and infirmary the Time-Artist opened for her use in the new Student Center building.

Change, who moves ever to the fore and pauses not a second to glance back over his shoulder, tarried not at all as the 1947-48 schoolyear drew to a close. Our final glimpse of the itinerant artist of the time-river turned our faces, like his, to the future. Change, with a smile of anticipation, was selecting a new brush—a fine broad one—for the busy 1948-49 schoolyear he saw drifting down the eternal river.

Mining into its swift, dark tides the silent, precious seconds of yet another year of our lives, the immortal river has swept us all still further along the downstream course of our great jaurney. Carrying us from our green-hued freshman days through the cynic saphomore year and the sudden seriousness of junior status to our wisdom-wizened senior pedestal, the impassive movement of stalid Time has loosed Change upon us all. Just as the campus buildings have weathered a barely perceptible deeper shade and the campus trees have added an unnaticed ring to their girth, so have we all staod silent this year while Change wraught the subtle effects of his skillful brush upon us.

Bobbing quietly in the great mouth of the immortal river in the mament left before it is finally swept irrevacably aut into the lost sea of Time beyond, the Class of 1948 sees with the startling clarity of sudden insight the whole of Time's carefully calculated schedule. For a second the broad canvas of life stands spread wide before the Class, and they see Change impatiently beckaning them on to the tasks he has set for them in the year immediately ahead.

More, they see that as the Class of 1944 had to move on to make room for them so they must now make room for the yet unshaped Class of 1952 forming on the uppermost reaches of the pulsing time-river.

Features of the 1948 campus cammunity undreamed of as little as five years ago—and prabably destined to be equally unheard of five years hence—are the bright and shining faces of these children, offspring of Wesleyan's large group of married students who are mostly veterans of World War II.

The Class of 1970 may well find itself enriched with the talents and Wesleyan heritage of many of these youngsters.

The dictum of Heraclitus, "you can't step into the same river twice," describes aptly the year to year situation of the Department of Physical Education. The practical truth of the ancient Greek's universal metaphor is known nowhere more intimotely than by the coach out on the playing field. Time and Change relentlessly dog the athlete's heels; the eternal river, mining the minutes and hours of his youth, flows under the constant and anxious surveillance of the eminently successful team-maker.

Time gives the athletic coach but one favor—a clean slate at the beginning of every schoolyear. Change chooses to smile or frown on the coach at will. Like Janus, he may choose to do both at once, pushing talented team members into the ranks of the alumni while enrolling equally capable, younger men.

The 1947-48 schoolyear saw Change play a minor part acting in this dual role. In this fleeting moment of apprehension as the year is flushed toward the great sea of remate, lost, and forgatten time beyond, we see Chonge beckoning to mony of Wesleyan's first-rote lettermen. Whether Change will choose to replace them with men of equal caliber in the yet unformed ranks of the Class of 1952 is a question to which the answer is not presently at hand. Of one thing, however, we may be certain: Time and Change connot keep a secret; they're bound to produce an onswer in the year immediately ahead.

BARBARA CAPET

Another Bridgeport girl, Borbaro is a member of mony compus organizations, devoting a lorge shore of her time to porticipating in such sports os bosketboll, hockey, and swimming. She is a Sophomore and is studying dietetics and chemistry.

BARBARA HINSHELWOOD

A Sophomore from Chorleston, Barboro is interested in religious education to prepare for a coreer in youth work. A member of the two compus religious argonizations and the W.A.A., she is active in both these spheres of student octivity.

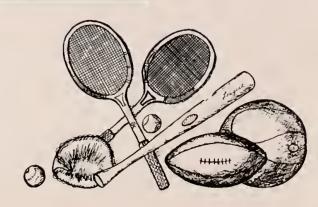

HOLLACE WILSON

A Bridgeport girl, Holly is a Junior with a physical education major to prepare herself for director's work in recreational programs. She is a member of both the women's sports campus organizations.

MARY HADJIS

A Home Economics mojor, Mory, a native of Wheeling, is interested in merchandising. She is a Junior and holds a number of executive offices in the many compus organizations of which she is a member. A member of last year's team, Mary was coptain of the 1947-48 Cheerleaders

1947-48 Sports Summary

PAUL SMALL

All over the country every Autumn Saturdoy afternoon, millions of football fans gother in various stadiums to see their respective teams engage in bodily contact. There are but a very few of this vast multitude who realize what goes on behind the scenes.

It takes on excellent coaching staff in order to discover the opponent's weaknesses a week before every contest. In view of this, Poul Small was able to attend only the closing game of the season to watch the Bobcats play. It was through his excellent information and diagrams of the next apponent's weaknesses that enabled the Bobcats to go from one victory to another.

Assistant Coach Small must be congrotulated for his fine work in preparing the best defensive line in the State last season, thus enabling Coach Ross ta further develop a galaxy of running bocks.

Moving along under the competent command of Coach "Cebe" Ross, the entire progressive athletic program of the College has brought to the campus community another successful year of extra-curricular activity and enjoyment,

On the intercollegiate level, West Virginia Wesleyan produced teams in football, basketball, baseball, tennis, and golf. Ending the football season with a record of six victories against only two losses-both of them by narrow margins, the 1947 saugd turned in a highly creditable performance. The highlight of the season, the Homecoming victory over a powerful Woynesburg eleven, odded a certain lustre to the record. While the basketball record was hardly up to this high level of achievement, yet the 1947-48 hordwood season provided a series of surprises and was enjoyed by all. As is the custom, the State Intercollegiote Tournament was held in the Wesleyon gym; Dovis and Elkins College emerged victorious this year. As for the baseball record, we must look back to the 1947 season which produced four victories against six losses.

Of more personal interest to the average Wesleyan student is the widespreod, integrated, and corefully coordinated intramurals program conducted for both men and women. A total of 478 men and nearly 500 women students participated in these campus athletics. The men's intramurals, under the direction of Associote Professor Dave Reemsnyder, offered chompionship league contests in touch football, volleyboll, basketball, tennis, handball and o number of other individual sports. Associote Professor Charlotte Knepshield directed the women's intramural program which offered hockey, volleyboll, basketball, badminton, and shuffleboard in addition to other individual activities.

COACH "CEBE" ROSS

Moving from his position as Head Coach at the Buckhannon-Upshur High School, Cebe came back to his Almo Moter in 1925 to fill the vaconcy left in the Physical Education Department by John Fulton. For seventeen consecutive years, with his first year here excepted, Coach Ross served the College as "Coach and Athletic Director." During thase years his reputation for fairness, unexcelled sportsmanship, and consistent production of successful teams in football, basketball, and baseball, grew steadily.

When, in 1942, the College dropped intercollegiote athletics for the duration of World War II, Cebe tronsferred his talents to Charlestan's Morris Harvey College. There he produced the championship Golden Eagle team widely touted in 1942. The following year Coach Ross accepted a commission in the U. S. Novy.

The war over, Cebe climbed out of his Navy blue bock into his old berth at Wesleyan. Toking over ot the helm again in 1946, he has made notable successes of his 18th and 19th years here.

The Graduating Varsity Men

RECTOR BROWN

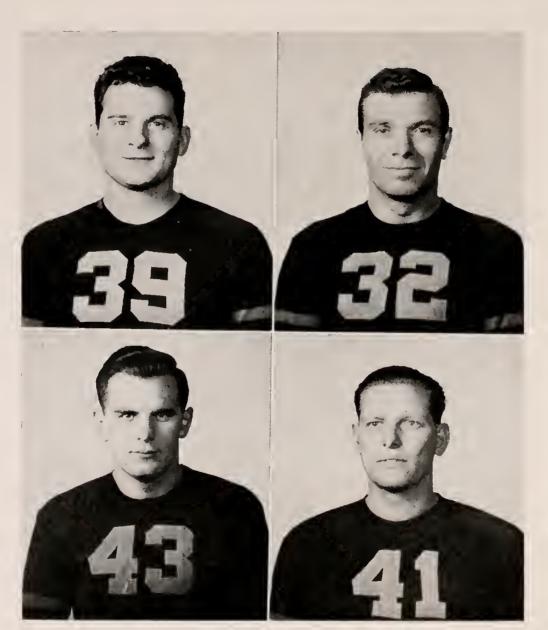

While it is hard to believe, it is nevertheless true ole "Shadrack" finally made graduation day; he's been heading in that direction since the fall of 1941. Of course, there was a slight interval of nearly three years out for a hitch in the U. S. Navy during the late war. And, of course, there was that year at Morris Harvey in '42 when "Rec," following the abandonment of football here, helped Caach Ross capture the State Intercallegiate Football Conference championship.

Originally from Chloe, Rec claims his main reason for coming to Wesleyan was to play football. Once here, it seems, he gradually came to realize there was a little more to going to college than playing sports. And there's that tale about that exciting week in '41 when all the "greenies" had to tip their hats; Rec somehow lost a few lacks of hair in a friendly sort of way.

Married now, Rec has become a real family man what with wife Helen and daughter Linda looking after him in one of the College housing units. His easy-going, amiable-bigness has made him everyone's friend in the campus community.

JOSEPH PETER HUNTZ

Alana about 1920 a child entered this wide. wide world at Wyoming, Pennsylvania; his proud parents promptly named him Joseph Peter Huntz. Joe eventually grew up and became another of those old boys of "Cebe's," playing ball his first year of school here in 1940. After one more season of football here. he enlisted in the Army Air Forces upon the close of the spring semester, 1941, and served a total of 42 months as an airplane armorer. He received his discharge late in the Fall of 1945. "Little Joe" reentered Wesleyan in the fall of 1946 and rejained the squad to play two more years of football. His activities around the compus include membership in the Keystone Club, and he is Vice-President of the Wesleyan chapter of the Future Teachers of America. The major Joe chose was Business Administration with minors in History and Education. His spare time is employed in hunting and fishing, Jae's pet habbies.

CHARLES WILLIAM PUGH

A star is in our midst. Yet, you would never believe such an unassuming fellow as Bill Pugh would fall in this category. He was one of those many freshmen af 1941 who tried out for the football team. Fram what is tald he was a mere 175 paunds then and half scared to death, but somehow he was one af the faur "frash" Coach Ross kept on the squad. In those days you had to earn a letter the hard way, but Bill sorta' picked up ane his first year.

Then in September of '42 he taak to the raad and followed his "Ole Caach" to Morris Harvey as did some athers. There, he also was a member of that Champianship Golden Eagle squad of '42. Along about then Bill decided the Navy had the best bet, and he went, in August of '43, as an athletic specialist. He campleted a three year hitch before his dis-

charge in 1946.

Bill reentered Wesleyan in the fall of that year and captained both the '46 and '47 faotball squads. A measure of his campus popularity is evidenced by the fact Bill was awarded, by student vote, the Dempsey Sportsman's Trophy at the end of the 1947 schaolyear. He was also elected President of the 1947-48 Cammunity Council. An announcement was made recently that Bill will play prafessional football with the Los Angeles Dans this Fall.

ADAM FORINASH

Affectionately known to most students as "Tar," Adam is a product of Webster Springs High School, Class of '40. He starred in his last two years there as a baxer; out of ten bouts, he wan nine and lost anly to the State Champion.

Entering Wesleyan in the Fall of 1940, Tor managed to get in two seasons of faotball before the Army beckoned to him. After a tour of duty as a drill instructor at Kelly Field, he spent 28 months in the Asiatic Theatre of Operations—China, Burma, and India. His discharge in his packet, Tar returned to Wesleyan in 1946 to rejoin the squad for the ensuing two seasons.

Adam has majored in Physical Education and chose minors in Bialogy and Education. His campus popularity as an athlete and his solid gold social personality mark him for success in his chosen profession of coaching. The grape-vine has it that an excellent coaching position is waiting for him in the southern part of the State.

7he 1947 Football Season

Caach "Silent Cebe" Rass braught forth a mighty foatball machine this fall composed mainly of returning lettermen of the highly successful '46 squad. With the help of a few autstanding freshmen, the '47 edition of the Babcats came out with a lat of determination and speed. Starting with the opening kickoff, we found our stalwart warriars opening fast against those not-sa-tame Tigers of Salem College.

To be sure the Babcats ran true to form until the closing minutes of play. Then, the passing camba, Swisher to McLean, produced victory for the Salem Tigers by the narrow margin of **7 to 6**. The Babcats opened the game very fast; in the first minute of play, Bab Means blacked a punt which was recovered by Fuzzy Moore on the Salem sixteen. Bill Pugh, two plays later, drew the season's first blood for the Babcats by punching over from the ten-yard-line. The kick after by Michaels was wide of the mark.

The Wesleyan downfall was a direct result of Tiger passing accuracy; a coal eight completions for a total of 10B yards. The Orange and Black line gave up a mere eight-plus yards. Outstanding an opening day were Means, Mazzei, Donley, and Straight on defense, while

the new punting sensation, Joe Witek, battled up the Salemites deep in their own territory.

Still hoping to find a taste of victory, Cebe's "pore little boys" brushed up an plays all week and came back with a vengeance by humiliating the Glenville Pioneers 20 to 0.

The scaring was started, as usual by the Rassmen, early in the game when John Mazzei and Bob Means callabarated in blacking Lilly's kick on the Glenville 20. After repeated thrusts through the stubborn Pioneer line did not produce a scare, reliable Charlie Shepherd finally dove into pay dirt. Automatic Jady Michaels converted easily. From there on 'til half time, those rugged State linesmen fought the locals to a stand still.

To open the third quarter, the Babcats pulled in the pigskin an their own 20. Three successive first downs advanced our boys to the Glenville 43; from there, everelusive Bill Pugh danced around right end. Automatic Jody once again produced. Getting a little restless, those stalwarts of "Silent Cebe," spearheaded by hard-charging Walt Pugh, plucked down a Pioneer aerial from samewhere around the Wesleyan 20, returning the oval to the 45. Their turn then, the Babcats lost the pigskin

WALT PUGH

The younger half of a top-notch brother combination, Walt is a rallicking good pigskin tater from down in the Southern part of the state—Gauley Bridge. A hard-driving competitor, Walt has shown a lot of the same capabilities as has brother Bill in many campus activities. Like Bill, too, he was a standout on the football squad in his Freshman year. He also put a little time in the Navy, but unlike Bill, Walt likes ta play plenty of golf.

JOE MICHAELS

Automatic "Jody," a 170-pound quarterback, is the ace Bobcat place-kicking stylist. Joe is a lover of football and athletics in general. A baseball letterman, too, he puts all he has into his twa varsity sports. As an outfielder on the Weslevan nine, Joe covers the turf by the county mile, and he's a pretty fair hitter. He stands in the batter's box with that baggy uniform draped as though he were a three-foot hole beside the plate. Parkersburg should be proud of this popular little fellow.

ROBERT PATTERSON

Now past a confusing freshman year in which he played of both tackle and end, Pat blossomed into a rattling good quarterback this year. The Wesleyan opponents found out early in the season that Pat's defensive play was tops. With two seasons still before him, Pat shows considerable promise of even further, development. He served during the war with the Army Air Forces.

CHUCK DONLEY

Campleting season number three for his "ald caach" this year, ex-morine "Snuffy" will be next year's last remaining link between Cebe's great pre-war ball teams and his present highly-geared grid machine. Always playing for keeps, Chuck is natoriously known by all who have come in centact with his big, hard-charging hulk across the scrimmage line. Chuck's big moment this year came when he got the ward it was a boy—Edward Lang, to be exact.

via on interception on the Glenville 30. Lilly, Glenville's punter, hurried too much an the next play; as a result, the ball went over to the Bobcots on the Pioneer thirty. "Shorty" Crawford then, an an off-tackle slant, gollaped 13 yords—after which he shot a bullet pass to end John Mazzei, who maneuvered for the score. Joe Michoels failed to collect the point after.

"Silent Cebe" and his men of might proceeded on to Charleston the following Saturday and very easily disposed of a gome, but outclossed, Golden Eagle eleven, 20 to 0. Cooch Ross's single-wing attack rolled almost ot will, the scoring starting early, os elusive Bill Pugh scampered 47 yards on two off-tockle slants to start the scoring for the Bobcats. Once again, outomatic Joe Michaels converted and Weslevan had a 7-0 lead.

On the ensuing kickoff, Joe Michaels' effort traveled only a scant 13 yords; whereupon hard-driving Fuzzy Moore gathered in the loose oval to give Wesleyan possession an the Marris Horvey 47. Immediately, pile-driving Wolt Pugh circled end for 30 to set the stage for runs by Charlie Shepherd and Bill Pugh which placed the ball on the nine; then, the one and only Bill Pugh scooted for the score. Mr. Michael's kick was wide at the half.

As the third period started, Walt Pugh again circled end, this time for 52 yords, placing the ball on the 28. From here he passed to Mazzei who was dropped on

the five. Hard-driving Fuzzy Moore tated the pigskin over on two bucks at the line. Automatic Joe Michoels clased out the scoring with the point ofter, os Cooch Ross substituted freely and coosted into victory.

The '47 edition of the Bobcats, moving olong with a twa to one record, indicated signs of developing into one of the best teams Wesleyon had seen in years. Traveling to the Smaky City up North for the next game with yet-untested Carnegie Tech, the Bobcats from the West Virginia hills clowed out a **27 to 6** victory over the Tortons before 5,000 fons at Forbes Field in Pittsburgh.

The Wesleyan attack seemed to bog down in the first two periods, but they returned to the bottle with seemingly uncontrollable power and accomplished this Soturday ofternaan tosk in a very convincing manner. Early in the second quarter, Tech went 65 yords via the air to gain their first and only tally, but Wesleyan could not be denied and roared back to score as Walt Pugh plunged over right guard at the half.

Still ot it, the third period found Bob Potterson, the Orange and Black signal caller, leaping high to intercept one of Tech's many passes and race 34 yards to score. Jody Michaels split the uprights for the conversion. Wesleyan rolled up another score shortly after as Wolt Pugh, faking an end-run, flipped a pass into the waiting arms of "little" Claude Crider who dropped over

BOB MEANS

Another of the ex-marines on the squad, this redhead is a standout at right guord. He kept his 195 pounds busy most of the season brushing oside opposing linesmen to break up plays in the enemy backfield. A popular fellow around the campus, Bob is one of the stalwarts on the Wesleyan big eleven.

ROBERT SULLIVAN

"Sully" should be counted among the many boys who were flashy characters in their bell-bottomed trausers, and he's just as sharp in football togs. A little slow in building up confidence his first season, he began to loosen up this year much to the displeasure of Wesleyan's opponents and the delight of Coach Ross. Toward the end of the season, Bob was proving extremely reliable in the pinches.

CHARLES SHEPHERD

A 170-pound Weston High product, "Shep" is one ex-marine who goes in for hunting in a big way. For a while after his discharge it was a combination of women and football. Now all his time can be put to the gridiron with the fine results seen last season. All are looking forward to a greater season next year for this very shifty, side-stepping back who can really lug that pigskin.

JOHN SOUTHERN

That character wearing the Orange and Black you may have seen being held at the end of a leash somewhere around the Bobact sidelines this year—well, that was John. He comes from somewhere in the local vicinity; a place called West Milford, wherever that is. His high-flying, fost-stepping, 180 pounds would be on asset to any combination of pigskin gridders.

JOE WITEK

This big-framed, good-natured Pennsylvanian pulled the Bobcat eleven out of a many a deep hole last season with his lang-distance place-kicking. Joe is kept pretty busy squeezing enjoyment for the entire compus community out of that lively according of his

CLAUDE CRIDER

This tall, shy fellow is a home-grawn product—yes, Buckhannan. "Silent Claude" was a refreshing sight to behold with his live play this year. An ex-marine, he's a veteran at playing for keeps; out on the gridiron he covered a lot of territory fearlessly. Nat many doubted his ability to anchor down a line.

CAL FORSYTHE

A flashy 190-pound left end, Cal did a lat of roaming over the chalked stripes last Fall. A campaigner back from the 1946 squad, he helped to show Wesleyan's appoints why the Cats were known to have the best line in the State. Plagued with injuries all season long, he nevertheles turned in many remarkable performances for Cehe

BOB STRAIGHT

It is seldom you find a football player who, after an excellent season at ane position, can star the next season in another capacity. Bob managed to do just that; he traded his end position for a job as tackle. It has been by the ability of bays like this that Wesleyan was rated the toughest line in the State.

the gool line to score. The outomotic toe of Joe Michaels was true.

Midway through the final period, Joe Huntz broke through to block a Tech punt; Shadrach Brown scurried to cover it, giving Wesleyon possession on the Tech 48. Wolt Pugh then tossed on aerial to brother Bill to place the ball on the Torton 25. After a Bobcot penalty, Bill Pugh took a pitchoff from quarterbock Joe Michaels and did some fancy tightrope walking on the sidelines as he went over for the final score. Fuzzy Moore was delegated to kick the point ofter, which he made good.

The troditional Homecoming tilt with Waynesburg provided the next scene of victory as the Bobcots chewed the "Woynesburgers" 9 to 0 before a record crowd of 5000 in Wesleyon's "splinter stadium." A sustained drive of 75 yards by Fuzzy Moore and the Pugh boys, in the first quorter, brought the gome's only touchdown with Moore crossing the gool line from the five. The point ofter was duly collected by Michaels. In the second period, Mozzei collected the Bobcots' other two points by knocking o Yellow-Jockets' kick bock into the end zone where Dotko, Woynesburg holfbock, fell on it giving the Cots o sofety. Rough line ploy featured the remainder of the game, with a Woynesburg 89 yord touchdown sprint nullified by o 15 yord penalty colled by the officials for unnecessory roughness. Wesleyon ron up a total of eleven first downs to six for Wovnesburg.

Now possessing o consecutive win-skein of four stroight, the Babcots of West Virginio Wesleyon journeyed to Porkersburg and defeated o rugged Marietto College, **12 to 0**, in a cold drizzling rain. The Rossmen did all their scoring in the first holf on two line bucks by Fuzzy Moore and Leland Hoyhurst after the Cots recovered fumbles deep in Marietto territory. Wesleyon's offense bagged down in the second holf due to a heavy, soggy gridiron that had all the aspects of a see of mud.

The first score was mode after one of Witek's punts was dropped by Rutherford; Cloude Crider pounced on the slippery ovol to give Wesleyon the boll on Morietto's 33. After runs by Bill ond Wolt Pugh, Fuzzy Moore plunged over from the five to score. Michoels' kick for the conversion was wide. In the second period, John Mozzie, who ployed a superb game at end, recovered a fumble on the Marietta four and Leland Hoyhurst ripped over to give the Rossmen their second six-pointer. Again Michoels missed the conversion as the playing time drew to a close.

Still a little domp from their last mud-eating contest, Cebe's boys mode it six in a row by defeating the Bisons of Bethony College, 7 to 0, on a field suited for anything but football. There was very little chance for the Cats to go into high gear as the footing was as sure as the chances of a snowball to exist for long in the brimstane pits of the nether regions.

The gome was a punting duel throughout with "Jo-

JOHN MAZZEI

John is an end who brought to a virtual standstill all the opposition's plays aimed through his position. A Sophomore this seoson, he should rate high on future polls of great gridders. He was picked an the All-Stote Eleven this post seoson for his excellent all-round play. Jahn is a fellow held in high esteem for his congeniality both on and off the playing field.

BILL MOORE

When will the Wesleyan football squad be without a Moore? Bill comes from an almost inexhoustible line of football greats. It was his all-round play that helped jell the backfield combination the Bobcats brought forth this year. A quiet spoken unassuming fellow, Bill is a thorough-going athlete that will always be successful regardless of the duties required of him.

LEO WHITE

He had the spirit last season and should be heard from in the very near future. Jack filled in often during the season when the going was rough. One of the married men on the teom, Jack spent a lot of his spore time assisting with the intramural program during the winter months.

REX JARVIS

Parkersburg seems to be producing an abundance of talent of late. At a glance, Rex hardly appears the capable center he is. With Rex on the line, Wesleyan has the center sector well under control. This being only his second season, we should see a lot of this curly-heoded fellow on and off the aridition.

Jo" Witek praving to be the master, and he hod o spotless uniform to turn in at the conclusion of the gome. His educated left foot kept the Bisons inside their own twenty with several boots going out of bounds within the five yard line. Our break come early in the third period when a Bethany kick was portially blacked; it was gabbled up by Charlie Shepherd, who galloped over unmolested to score. Automotic Joe Michoels split the uprights at the close of "operation mud."

The Bobcots then brought their 6 to 1 record face to face with the Davis and Elkins Senators in the season's finale. The Senators 'til then had not looked too impressive, but followers of the locals looked for—and found—a highly entertaining Soturday ofternoon of football as these two squads have long been intense rivals. Anyone who had witnessed lost year's (1946) game, and other games of the post, could have testified as to what was liable to accur. Last year's game was played viciously up to the final gun; our Bobcots were victorious due to the outstanding work of the line and the brilliant play of all who gave our running bocks, like Bill Pugh, a chance to hold the Senators helpless with their will-o-the-wisp runs.

This year the boys from over Elkins way lived up to oll advance billing. They were a definite underdageleven that cought fire from the "T" to upset, 7 to 3, the best loid Wesleyon plans for a jubilant celebration that evening. The Senators displayed a deceptive brand

brond of ball under the leodership of quorterbock Leroy. His hondling of the "T" farmation was a study in the art of deception. Time and time again he outsmorted the Wesleyon defense.

Wesleyon's only score come when Jody Michaels booted a 22 yard field gool from a difficult angle. The Cots locked that scoring punch so sorely needed to put over six-painters. The Rossmen were often deep in Davis and Elkins' territory only to lose the ball on downs.

The Senotors set up their lone score on a pass from Leroy that was nicely caught on the Wesleyan one-foot-line. The fullback plunged over the double chalk line to score. The extra point was good on an underhanded pass from Leroy to his end, Close. The game was punctuated by both sides losing men because of the intensity of the bottle.

This, the last spectacle of the 1947 gridiron season here at Wesleyon, was the end of the collegiate football trail for those seniors you will remember always for their sportsmonship and outstanding play both on and off that little close-cropped field with the cholked lines marking off those long one hundred yords. May good fortune, worm success, and hoppiness follow you fram here, Rector Borwn, Adam Forinosh, Joe Huntz, and Bill Pugh for all the rest of your auspiciously begun othletic careers.

Page Sixty-eight

THE TRAINERS

Behind all the action on the playing field and just short of all the glomour rightfully accorded the players — there stond the trainers. Not that they're out looking for sympothy; they know when they volunteer for their jobs just what they're getting themselves into.

Cheerfully taking the heavy lood of their responsibility to make certain the needs of the squad are met promptly and both the players and their equipment kept in good condition, the trainers are mostly too busy to be anywhere but in the background of the situation. Nevertheless, these fellows, Bill Knox, Lee Sutter, Cole Potter (all pictured),

and Bud Brooks, Guy Honnah, and Sam Picone, are all deserving of a rousing cheer for a good job well done.

THE FOOTBALL SCORE BOARD Won 6; Lost 2

Fourth row: Hannoh, Manager; Crowford, King, Devey, Spencer, Paul, Newbraugh, Malling, Porter, Sullivan.

1947-48 Basketball Season

With the football season past, the king of the indaar sports, basketball, taak over. The backers of the Orange and Block sow some great cantests played on the floor of the callege field house during those following months.

Caoch Ross had the same team, with the exception of Chet Marshall who had graduated, that faught its way to the finals in the Collegiate Basketball Taurnament of last year. With the help of the student body, the Bobcat basketeers played a season bath hat and cold. The record books show the opening game, which began the long hard grind, to be a victory—almost, that is. The team lost in the closing minutes of play to the Green and White of Bethany Callege by a score of 54 to 51. It was a game that saw first one and then the other team picking up the lead with the Wesleynites an the shart end of a 28 to 26 halftime score.

The team then departed the following Tuesday far a two-game road trip through the Southern part of the state. Our lads of the Orange and Black first encountered a well-seasaned Galden Eagle five at Marris Harvey Callege, paced by clever George King. The boys from Charleston had just a little too much seasoning for us, resulting in a loss, 80-45.

The story goes around that after that hectic evening an the hardwaad, Coach Ross refrained from going to

Boys You'll Remember

DAVID OLDAKER

There are numerous Buccaneers of Buckhannon prowling around our campus community and Dave is no exception. He launched his illustrious college career at Wesleyan in September, 1940, Dave at first put forth his athletic talents in a field not known about by most students now here unless they followed last Fall's intramurals. Yes, Wesleyan did in those days have a Tennis team and Dave was a star performer, as he showed evidences of in the Fall doubles tournament.

The opening of the '42 basketball season found 'Snake'—yes, Dove—out on the hardwood for the orange and black. Wesleyan, that year, went to the finals of the state tournament before being downed by Glenville. That same year Dave also tried his hand at handball and won the men's singles plus the doubles championship which he shared with partner Johnny Allopena. The following summer Dave entered the service.

He re-entered Wesleyan, in February of '46, to perform with the outstanding team that brought to the college the State Intercollegiate Championship of that year. A Biology major, with minors in Chemistry and Physical Education, Dave plans to enter medical school upon his graduation, but he is also considering coaching.

BILL KNOX

Another former Marshall College man, Bill made the break from Coach Henderson's fold after a tour in the Navy as a Pharmacist Mate aboard the U.S.S. Houston. A graduate in the Class of '41 from Huntington Central High, Bill entered Marshall that Fall. He continued there through the 1942 schoolyear before he accepted the U.S. Navy's invitation to see the world.

With that all-important paper in his hand, Bill entered Wesleyan in June, 1946. His easy-going personality, plus that genial smile, marked him for immediate popularity on the campus. Interested in basketball and golf, Bill soon earned his varsity letters in both sports. In addition, he has been active in the intra-mural program and has given much of his time to serve as one of the football trainers.

An indication of his campus-wide popularity is seen in the fact he has twice been elected to the post of class vice-president, serving in his Sophomore and Junior years. He has also been a class representative on the Community Council, a member of the Cultural Enrichment Committee of the Council, and has held executive posts in a number of campus organizations. Bill has a yen to yank—that is, he is looking forward to a dental career.

WILLIAM PHILLIPS

It loóks as though Coach Ross scooped menderson, coach at Morshall, in getting Bill to come to Wesleyan. Bill was another Buckhannon Buccaneer, but he was different in a way. He entered Marshall College in September, 1943, and played basketball for the "Big Green." Shortly after, however, he proceeded on to boot camp at Great Lakes to start a three year hitch with the U. S. Novy.

Upon receipt of a discharge in January, 1946, Bill entered Wesleyan immediately. He was one of those boys who was a member of the storting five which took the State Championship that year. This was just a start for Bill; he completed his third season this year.

Bill is sports-minded all the way, as his playing second base on the baseboll team, in addition to other spare time athletic activities, shows. He has also excelled in campus extra-curricular organizations, being elected President of the Sophomare Class, the Senior Class, and Beta Beta Beta, the National Honorary Biological fraternity. He has served as a member of the Social Activities Committee for the past two

Expecting to go into business, Bill has majored in Business Administration with minors in Biology and Chemistry.

CARL LYONS

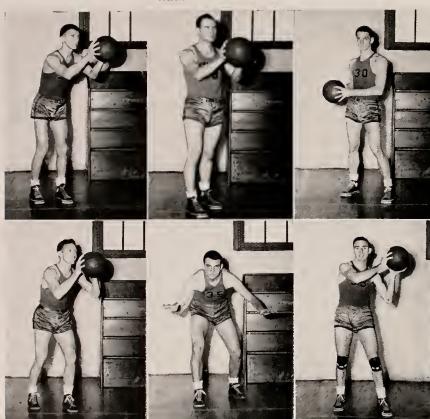

"Blue," in his second season here, made a mighty fine impression. Playing at guard and running the center slat on the fost break, Blue was a dead shat from the center lane as well as a deft playmaker. The oldest of a popular pair of brothers, Blue is the quieter, tallest one.

HAROLD ELLIS

For all the orthodox players out on the hordwood there must be a few who stand out for their unusual antics on the court. Horold might well be included among the latter, for, from the time he gets his hands on the ball 'fil it drops in the basker, he's all over the place with it. This was Harold's second varsity season.

JOHN LYONS

The other half of those looko-lot-alike brothers from Clarksburg, Jack is a handy man to have around because of his defensive ability and board work. He saw plenty of action this post season, both at center and guard, continuing the same fast pace he set for himself last year.

WILLIAM BROWN

Bill is a conscientious, hardworking individual both on and off the basketball court. He played a lot of forward on the squad this year. The strong, silent type, Bill steers a coreful course around the compus spends much of his time on his studies and working with boys' aroups.

"SUGAR" MALLING

Entering Wesleyan the second semester of the '46-47 compagn, Sugar soared immediately into the hordwood top ten. His steady play at the center slot helped push the underdog Bobcats into the finals of the State tournament that season. With still a couple of seasons of eligibility left, Sugar is slated for even greater glory.

HARVEY BROWN

Bill's brother, this sharpshooting red-headed Buckhannon boy played a good bit of very capable forward for the Ross hordwoodmen this past season. When the going was rough, Harvey could usually be counted upon to boost the Bobcat tally Both these Brown boys are expected to hit their top stride next season. the same hotel with the boys; instead, he poced nervously around the Copital Building trying to decide whether the Konowho River was deep enough—or if the team left at home could speed to the rescue.

"Cebe's" worries were alleviated a little on Wednesdoy night, however, os the Oronge ond Block out-played a stubborn West Virginio Tech hordwood crew, finally pulling away to a 54 to 46 trampler.

The arrival back home of the team with a victary under their belts produced a large turnout to see the encounter with Alderson Broaddus a week later—only to witness the Bobcats' dawnfall by a score of 71-52. This game must have somehow inaugurated a streak that was to heavily averbalance the won-lost percentage column of the Wesleyanites. They did show remarkable recuperative powers the following Saturday though; it took an overtime period before Glenville could subdue the Wesleyan quintet, 71 to 67.

The following three games participated in by Wesleyon were more or less used in the experimentation of different combinations by Coach Ross. The scores were: Wesleyon 49, Foirmont B2; Wesleyon 41, Beckley 44, in another heartbreoker for the Cots; and Alderson Broaddus B6, Wesleyon 42.

Starting with the West Virginio Tech home game, the Ross hordwoodmen begon to snop out of their lethorgy with a stort. This was an example of the potential scoring power possessed by the Rossmen as the game concluded with Wesleyon on the long end of a 79 to 50 score. Then, still showing power in spurts, yet locking in the pinch, it brought about onother addition to the loss column—losing 78 to 57 to Davis-Elkins.

Once again, however, Wesleyon and the gods brought forth another bomb shell, this one to spell the downfoll of the Golden Eagle five from Morris Harvey College. In this contest the Bobcots more than made up for their bruising defeat of two months previous by humiliating George King and his cohorts 76 to 58. Two days later, on Friday the thirteenth, Cam Henderson and his Marshall squad dropped in on the boys at the local emporium. The "Big Green" were fresh from a New Yeor's tournament victory out on the West Coast and were not to be deroiled by the Orange and Blacks of Cooch Ross. True, the locals proved to be a definite threat for the first 30 minutes, but they eventually lost out 72 to 55, due to a pressing fost break employed by Marshall.

On Monday, a couple of nights later, the Cormichael Auditorium jinx continued to hold as the Solem Tigers pulled away from the Bobcats in

Page Screnty-one

the final period to win 70 to 58. Caach Rass then decided perhaps a few closed sessions might help snap a few more victories out of his faltering team. It must have made a little impression on the squad as immediately the boys from the banks of the Buckhannon River began to show championship form in easily defeating a scrappy Glenville Pianeer quintet 73 to 62 on their home court to even up another defeat earlier in the season.

Wesleyan next journeyed to the North a few miles to throw a terrific scare into a Fairmont State five who were eyeing a second State Intercollegiate Conference championship. The lead built up by the Cats melted in the closing minutes of play, however; the Falcans tied the game up as time ran out. The overtime found no let up in the sudden surge of the Falcans, and, helped by Wesleyan's ice-cold local team, Fairmont took the

hard-fought tussle, 62 to 57.

The Red and White of Davis-Elkins College were the next collegiate five to grace the local hardwood. That game saw the Wesleynites try hard to overcome an eleven-point first-quarter Senator lead, only to fall short as time ran aut, finding Davis-Elkins ahead 67 to 57. In the fallowing encounter, West Liberty found out the hard way that the West Virginia Wesleyan cagers were no soft touch—far from it—for the Babcats put an one of their best performances of the season to defeat the Northerners 73 to 43. After this triumph, the Babcats evened up still another earlier defeat, by the Salem Tigers five, by winning an the home hardwood 64 to 58. The local basketeers, closing out the season, then lost to Waynesburg College 82 to 43.

Thus seasoned, the Orange and Black hardwood quintet then played hast to the best of the state collegiate teams in the well-played, hatly-contested annual State Intercollegiate basketball tournament, which was eventually won by Davis and Elkins College.

The naming of individual stars has been left out of this over-all summary of the hardwood wizardry of Coach Ross and his squad as a tribute to the entire team who wholeheartedly did their best for West Virginia Wesleyan Callege, utterly disregarding any personal gains to be made.

It should be mentioned, however, that three seniors did put forth their last efforts in this year far the Orange and Black. They will be remembered long far their brilliant play and sportsman-like conduct under all circumstances. These bays are Dave Oldaker, Bill Phillips, and Bill Knox—all stars in their own right.

Page Seventu-two

"BOB" MEANS

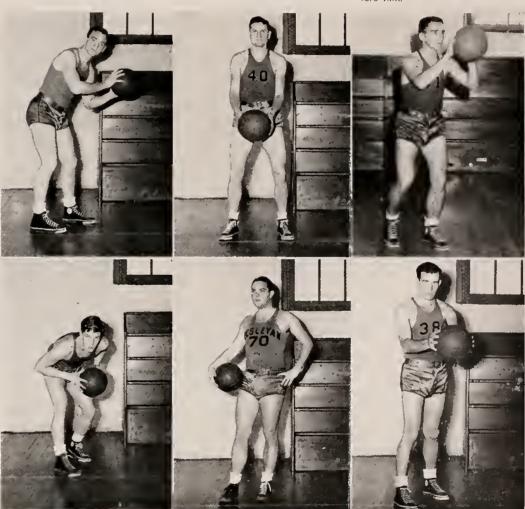

Though his stock in trade is football, Bob is a good boy on the hardwood. His fast footwork around the court produces points here and prevents them there. Bob saw a lot of action this season, and he should see even more of it in the future.

JOHN SOUTHERN

John was all around the court for the Bobcats this past season, somehow always producing his shore of points from his bag of tricks. The unusual thing about this fellow is his inability to shoot a bosket when he's looking at it—but turn him loose and see what hoppens!

EARL FLOWERS

It is seldom you find a Freshman breaking into the top ten of a collegiate basketball squad since' there are usually that many already-tested lettermen around. After a somewhat slow start, "Doc" began to accelerate and soon proved his merit as an all-round player and play-maker. He has an unlimited future before him.

CHARLES SPELSBURG

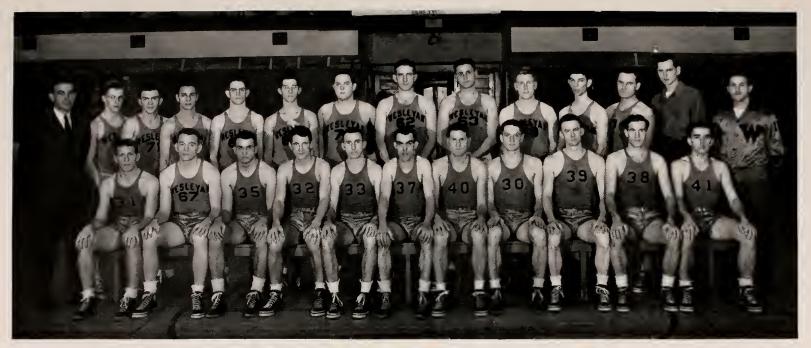

Another plucky Freshman who made the varsity squad this season, Chuck, in his final season at W. & I. lost year, was picked on the All-City feam. His success at bridging the broad gap between high school and collegiate basketball predicates a brilliant future for him out on the Wesleyan hardwood.

WILLIAM KING

Another of the local men on the hardwood squod, Bill played his second season with the Bobcats this year, but he is better known far his prowess out on the field in his major sport—football. A populor fellow both on and off the campus, the future holds the key to his success.

CLAUDE CRIOER

Claude was one of the returning boys Caach Ross made considerable use of during the season. Although primorily a football man, Claude is recognized for his play on the more crowded quorters of a basketball court. A Sophomore this year, more is expected to be heard of him in the caming seasons.

Seated, left to right: Bill Brawn, Bab Means, Eldan Malling, Blue Lyon, Harvey Brawn, Bill Phillips, John Southern, Jack Lyon, Bill Knax, Claude Crider, Dac Flowers. Standing, left to right: Coach Ross, Charles Spelsberg, James Brown, Bob Beharka, Bud Casey, Bill Hastings, Bill King, Jack Harper, Lester Brady, Preston Bayce, Dominic Raymand, Harald Ellis, Manager Pete Shaffer, Assistant Coach Small.

The 1947 Baseball Season

The illustrious Bobcots of West Virginio Weslevan proved to be just that during the 1947 boseboll seoson. This was a season highlighted by the signing of contracts to play professional ball by "Shorts" Humphreys, pitcher, and "Rocko" Meyers, autifielder.

Hoving started with four straight innings of no-hit boll, "Sawbuck" Sowyers pitched the Bobcats to an 11-7 win over the Salem Tigers on the Weslevan diamond, April 16. For the first few innings things appeared to be pretty much of romp until the Solemites finally adjusted their botting eyes to the smoking fost ball of Sowyers. It was not until the fifth inning did Solem get out of their slump to rush three runs across the plate.

You con't always win them all, as the Bobcats hurriedly found out on the local diamond the following Friday afternoon. The Falcons of Fairmont State racked up a one-sided score of 21-3 before a crowd of loval Weslevan fans who sweltered in the hot sun for nine long

innínas.

Practice seemed to be the by-word os the game progressed. Weslevan had only one gome under its belt and very little practice moinly due to wet grounds; therein loy the success of the Falcons. The Bobcat battery, paced by Humphreys, Ellis, and Potterson, worked hard—only to fall short. One of the moin highlights of the game occurred when o long fly to left field was snagged by "Rocko" Meyers and snopped to Yurick of second for o beautiful play. Statistics show that Fairmont connected for 19 hits compared to the Bobcots' five, oll singles.

A single in the 10th inning, by Davidson, proved to be the deciding foctor in the following contest with West Virginia Tech which those boys wropped up and took home, 9-8. For the first couple of innings it looked like Tech's ball game, but the Bobcats drove in

two runs in the second, and four more in the third to make the scareboard read 6-3 at the beginning of the fourth. The locals continued to lead the way until the ninth, when Tech pushed across three runs to tie the score at

eight-oll going into the 10th.

In the next game, with the Glenville Pioneers, Normon Page ("Lefty") Smith pitched a fighting Bobcat nine to a 14-5 decision on the Pioneer diamond. Allowing the Blue and White only five hits, Lefty was bocked up by the Weslevan slugging stolwarts. Glenville took a 3-1 lead in the first inning only to find themselves limited to just two more runs during the remaining eight innings while the Cots went on a rampage to score 13 more runs. This win evened up the won-lost game tally, two and two.

A return gome with West Virginio Tech followed, permitting the Wesleyan nine to even up the game score with a 3-2 win.

Traveling north to Philippi to engage Alderson-Brooddus next, the Bobcats lost a heartbreaker, 7-6, to the boys up on the hill.

On returning to the College diamond for a tussle with the Glenville Pioneers, out to avenge their earlier defeot, the locals emerged from the frocas even more heartbroken. In a nip and tuck horsehide duel all the way, both teams had gornered five runs at the end of the ninth inning. At bot the first half of the 10th, the Pioneers scroped up one run on an error and a single to take home the game. One of Shorts Humphrey's better days, he allowed the Pioneers only seven hits and fanned 12 in the process.

Of the three games remaining on the schedule. Wesleyon lost successive return engagements to Fairmont, 8-2, and Solem, 8-1, before defeating a stubborn Alderson-Broaddus nine by a score of 6-4 to wind up

the season.

7ouch

Touch football was the first intramural sport undertaken at Wesleyan this year. With nine teams and same 80 boys participating, the games were started. They were played on the large green field which lies between the Student Center and the athletic stadium. The field was lined off by members of the intramural department, and then the pigskin spart got underway.

Under the able direction of Dave Reemsnyder, men's intramural program director, and "Mel" Herold, student ossistant to Mr. Reemsnyder, games were scheduled and

played accordingly.

Several students who were interested in athletics served as referees and thus gained valuable experience for themselves and greatly benefitted the intramural department by donating their time and services. Some of the fellows who served as referees were: Walt Wise, Dick Walton, "Rock" Myers, Garth Hood, Mourice Miller, and John Marchinnes.

Touch Footboll Final Standings

Variety Boys	5-0
Panhandlers	5-1
Fleabodies	4-3
Mud Dobbers	3-2
Shafters	1-3
Old Vets	1-3
Clod Hoppers	0-2
K. A	0-2
Hillbillies	0-2

Of caurse Dave and Mel did their share of refereeing also.

Intramural football was a feature activity on Wesleyan's campus those first three weeks of school. During the latter part of September, October, and the first part of November, touch football held the compus spotlight. Persons coming to the pits neorby to pitch horseshoes usually ended up watching a close game of intramural footboll.

In spite of the rainy weother, fans kept coming to kibitz on the sidelines and the

playoffs continued.

The seoson wound up with the flashy Variety Boys winning the title with five straight wins against no losses. This fleet-foated team was captained by "Rock" Myers. Running a close second was the mighty team from northern West Virginia, the Panhandlers. Captained by the shrewd Walt Wise, the Panhandlers racked up a recard of five wins and one loss.

Intra-Mural

Between the twa main intramural sports, faatball and basketball, there was a shart seasan of volleyball. In the valleyball taurnament the teams were divided into twa leagues ta make the playoffs easier. In the A league the Dirty Sacks toak the title with faur wins and no losses. The B league ended in a three-way split far first place. The Sigmates, Happy Marons, and the Phaenix Club, all with two wins and one lass, shared the first-place honors. The staff regrets that we have been unable to get pictures of the valleyball teams.

After intramural valleyball, basketball came into its own. This sport drew more interest and participants than faotball and valleyball tagether. Twenty-faur teams with approximately 200 men signed up to play basketball. There were sa many teams that three leagues were formed.

Games were played in each league until the middle of Morch, ot which time tournaments were held in each league. Each team had an equal chance to win the champianship of its own particular league.

In the A league, the Wristons wan the tournament playaffs; the Walfpack wan the taurnament title in the B league, and in the C league, the Czars won the title.

Individual

Under the direction of Associate Professor Dove Reemsnyder, assisted by Physical Education student "Mel" Harold, the 1947-48 men's intromurols ottrocted a total of 478 participonts. A breakdown an this figure reveals about 80 men active in the tauch football league, 84 volleyball players, 200 bosketboll participonts, 30 tennis enthusiosts, 36 ping pong players, and 48 men in the handboll lodder tournoments. The program was obviously a huge success, with oll who participated benefitting greatly not only physically but even more in promoting the friendly spirit of Wesleyon sportsmanship.

In the singles tennis tournoment, Jack Dartnell defeoted Jack Hufham for the title in the final motch. The Oldoker brothers, Dave and Ed, won over Dortnell and Hufham in the doubles tennis tournament for the title.

Sports

SPORTS

Wamen's athletics constitute an interesting and spectacular part of the physical education program of the Callege. The girls' partian of this program consists of a series of intramural contests in each of the papular sports under the spansarship of the Wamen's Athletic Association. Credit for the success of the pragram is due not only to the individual class participants but also to Miss Knepshield, advisor to the W.A.A. and departmental head of the wamen's physical education program. Taurnaments were held in hackey, valleyball, basketball, ping pong, shufflebaard, badminton, and softball; a total of nearly 500 girls participated in these contests.

Aside from taking part in these sparts for the healthful activity and the pleasure in them, the girls were warking taward a higher gaal—the W.A.A. Key—which marks the ultimate achievement for active participation in the wamen's athletic pragram. The Key is awarded on the basis of a designated number of points eorned for each sport played. This year there were an the campus two Seniar girls wearing this award, bath of whom earned their Keys at the start of their Juniar year. The girls, Velma Smith and Fern Christofel, are seen in the softball picture in the panel at the right.

Softball

In the spring a young man's fancy turns to thoughts of love—but the girls on the Wesleyan campus turned to saftball as something to accupy the sunny afternaons. Class teams participated in the tournament, and each team put an a good show with much gained physically, mentally, and (Ed. nate: strangely enough!) socially.

Bodminton

One of the newest of the individual sports to be added to the intramural program was badmintan. Separate single elimination tournaments were held in bath singles and doubles with approximately 50 girls taking part. Although one of the newest, this sport proved to be one of the most popular.

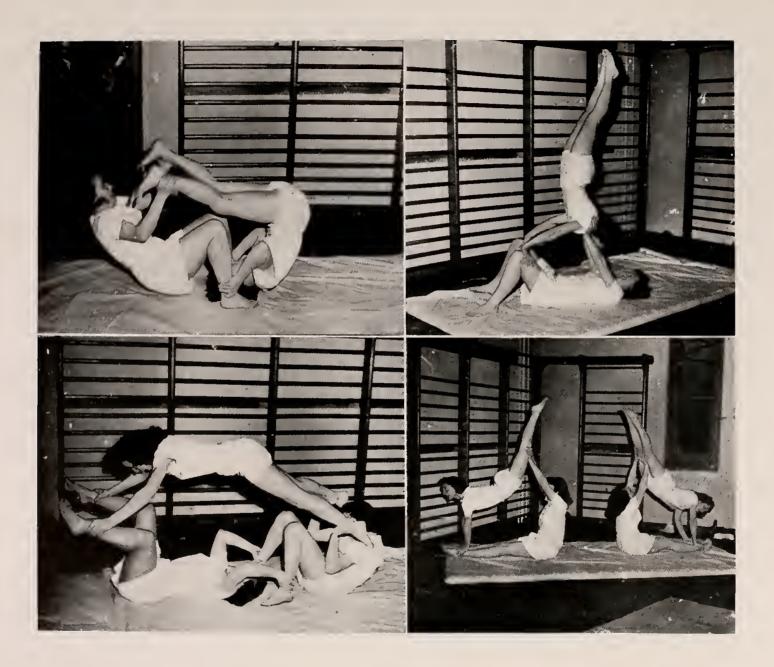

Shuffleboard

Another of the individual sports to be newly added to the intramural program this year was that popular indoor sport, shuffleboard. Single elimination tournaments were established for both singles and doubles, and the two courts in the gym were kept busy most of the time.

Ping Pong

Three cheers to Pat Pickens for winning the singles taurnament in ping pang and teaming with Alda Wagner to win the doubles—proving she's really a master of the little white ball. Runners-up in the hard-faught elimination matches were: Mary Ja Gee, in the singles; and Mary Ellen Lawson and Peggy Cross, in the daubles.

7umbling

A group of approximately 12 agile girls contribute an accasion to the campus pragrams spansared by the Physical Education Department. The tumbling feats of these girls include a wide variety of specialties performed with precision and grace.

Listed an their repertaire are such stunts as farward and backword ralls, flips, pyramids, cartwheels, chest rolls, all types of shaulder and thigh stands, and both dauble and triple rolls. The girls have developed and palished their performances entirely an their own during the aff-hours of campus life when they were able to put in the required long periods of strenuous practice.

In addition to their appearance as a feature of the traditional annual May Day Festival, the services of this group are made use of in assembly programs and other campus entertainments.

Hockey

It's really the truth when we say that some girls on the campus swing o mean hockey stick—there were a good many bruises and bumps to prove it! Seven teoms were entered in the hockey tournament and all seven ployed good, hord, and fast hockey.

School's Freshmen, Hunt's Freshmen, and Clellond's Seniors were eliminated the first round. In the second round, Wickham's Sophomores defeated Hinshelwood's Sophomores, and Simpson's Juniors slaughtered Young's Freshmen. In the final round of the tournoment, neither Wickham's nor Simpson's crew could get the upper hand; ofter a game and an over-period, the score remained tied. So, as far os the hockey intramurals were concerned, we had co-champions with Simpson's Juniors (pictured lower left) and Wickham's Sophomores (pictured upper right) sharing the title honors.

And a rugged tournament it was! It hit the othletic field like o cyclone and gave the spectotors o gay time keeping track of the little white ball as it was knocked from one end of the field to the other ond then bock again. All the games were ployed under the lights and did much to add some color and excitement to the campus scene for a couple of weeks in November.

Women's Intra-Mural

Basketball Tournament

BASKETBALL

The girls' bosketball seosan was completed lote in March, and the tournament proved to be quite long and exciting. W.A.A. Sports Manager Maxine Birckhead did a great job in organizing the intramural tournaments—and especially bosketball. Two round robin leagues were run off with five teams in each league, then a final round robin was held among the winners and runner-ups of the two initial leagues.

In League I, the Seniors, coptoined by Butler, took first honors. They were followed successively by Murdock's Freshmen IV teom, Hoyes's Juniors, 'the sorry Sophomores of Thomos, ond Boiley's dilopidoted Freshmen II. In League II, the Junior proteges of Hodjis were too much for their leogue-mates; they took the title with a percentage of 1.000. Next in line came the Freshmen III teom, driven an by Sue Berry; then Sophomore I, cooxed on by Aldo Wogner; Freshmen I, urged by Cross; ond finally, Freshmen V, consoled by Morshall. The winners of both leagues deserve a round of cheers for these gomes were hord fought.

The final round robin, among the four leading teams of the two initial leagues, proved interesting though not quite as exciting as the earlier contests. One of the games, that between the Juniors and the Seniors was played as a preliminary game to the Salem-Wesleyan varsity tilt. It was a great game; and, though the Juniors wan out in the end, the Seniors were leading with only one minute to play. Following this defeat, the Seniors decided to forfeit the rest of their games. This left only three teams in the running; from these the Juniors emerged first to become the Women's Basket-boll Champions of 1948.

A definite and necessory part of every gome are the afficiols, of course; due credit must be given them for their efforts. The referees of this tournoment were o group of seven girls; Robinson, Ross, Birckhead, Smith, Christofel, Clelland, and Evans. They had the everfaithful assistance of Miss Knepshield when the going got tough. The success of this tournament is due also to the timekeepers and scorers; we take this apportunity to thank them for their services.

The river of Time, an which all things forever drift, guided in their caurses by the restless figure of Change, has moved the campus arganizations another year farward in what, for many of them, has been a lang period of service to the campus cammunity. The year in its swift passage down the deep-channeled, pulsing time-river saw Change, recagnizing the greater variety of interests among the record student population, bring into being a number of new arganizations. The struggles of some few of these new graups have gradually weakened in the swift current of the ceoseless fload, but others appear to have a strong grasp on the straw of life breasting the rushing tides of Time.

Meanwhile, the alder arganizations have been ralling majestically along, adding new achievements to their already lang lists of nateworthy attainments. Change worked rather extensively during the year with a number of these lang established graups; basic reorganizational work has resulted in their thorough remadeling. Many have thus taken on a wider scope of activity, broadening the services rendered their members and the campus cammunity at large.

Change may well be proud of his artistry in effecting these far-reaching progressive steps which Time, we feel, will undertake to prove of inestimable value. The stature of any institution of higher learning is dependent, to an appreciable extent, on the number and nature of its extracurricular organizations.

E. Kidd Lackard William A. Hallam The first task the 1948 Community Council set far itself immediately an assuming its responsibilities at the end of the 1946-47 schoolyear was a complete revision of the existing inadequate constitution. This objective was accomplished when, an June 20, 1947, the Council adapted the constitution under which it has functioned so ably this year.

Warking through the summer, the group campleted in its initial three meetings the necessary appaintments of members to the standing committees. In three July meetings, a determined effort on the part of the Council to bring Student Union finances out into the open resulted in the innovation of a backkeeping system which permits regular quarterly reports covering all phases of the Union's financial situation.

In the initial meeting of the Council after the College reapened in September, the first quarterly report of the Student Union finances was received. The Sigma Eta Delta rearganization was given recagnition, and Pi Epsilon Theta was granted permission to organize as a chapter of the national

philasaphic fraternity. Late in Octaber the new Student Unian by-laws were approved; campus and building improvements were discussed, the Warld Student Service Fund drive approved, and \$100 of the Union's finances was made available for the use of the Cauncil. The November meeting of the governing group brought a pramise of action from the administration on the proposed campus and building improvements. Registration of automobiles parked on the campus was scheduled for the second semester. An initial discussion of the chapel and assembly situation was held.

The first December meeting resulted in a move to register the constitution, by-laws, and membership list of all compus student organizations. A committee was formed to plan a banquet for the football team; a report from the Religious Activities committee was heard, and a delegate was sent to the regional meeting of the National Student Association in Lynchburg. The final meeting of the calendar year brought recognition to the Phaenix Club. Committees were formed to investigate affiliation with the N.S.A. and the dissatisfaction with the chapel and assembly programs. The Callege, through the Cauncil, was host to the rearganizational meeting of the W. Vo. Federation of Callege Students on December 12 and 13.

The first meeting of the new year brought reports from the Social Activities committee, the banquet committee, and a financial report from the Student Union. The presidents of each class were in attendance and a student government assembly was planned for February 5 to encourage student interest in this vital phase of compus life. The car registration plan was restated. Meeting late in February, the Cauncil decided to dispense with the bulletin boards and assembly announcements by issuing weekly announcement bulletins. Reports were heard on the class meetings held fallowing the student government assembly. A small deficit incurred by the faatball banquet cammittee was made up out of Cauncil funds. Early in March, membership in the W. Vo. Federatian of College Students was voted, and two Cauncil delegates were appointed to attend the Federation meeting held April 9 and 10 at the University.

Student Union Council

Virtually an autonomous unit of the Community Council, The Student Union Committee holds as its responsibility the provision of an adequate social, recreational, and extra-curricular program on the West Virginia Wesleyan Campus. It draws up plans and controls the operation of the Student Center, subject to the approval of the Community Council.

The Student Center has been kept open nearly all the time for the use of the entire student body; the large Social Room was frequently reserved during the year for the parties and other activities of the various campus arganizations. This whole new campus social program was begun with the advent of the new Student Center building; its construction was completed early last summer.

All-campus affairs during the summer included several parties and an all-campus picnic. The Fall semester was begun by the kick-off party for Freshmen. Later, "Wesleyantics," the student variety show, was presented under the sponsorship of the Student Union Committee. This event began the Homecoming program which included a party for students and the visiting Alumni.

During the holiday season a Christmas party was held, and a few weeks later the second semester was opened with a lively affair. A ball in honor of St. Patrick's Day, at which the varsity sports teams were also honored, came next on the pragram.

Among the events entirely new to campus life this semester were regular Saturday night movies featuring such full length shows as "Grapes of Wrath," "The "Rains Came," and "Young Mr. Lincoln." Week-end mixers for students and faculty

were held one evening nearly every week; and programs of classical music on records were given on Sunday afternoons. This last feature was presented in cooperation with the Religious Activities Committee, another of the standing committees of the Community Council. These two committees also served an all-compus breakfast twice during the Lenten Season.

A reception was held for the visiting alumni before the football banquet. The last big event presented during the past schoolyear was a May Day Dance which concluded the program featuring the crowning of the May Queen. Jerry Wald and his well-known orchestra were highlighted at this main event concluding the committee's social program for the year.

This committee is responsible for the editing and securing responsible people for these offices and as staff members for the Pharos, the Murmurmantis, the Handbaok, and for any other student publications, and to guarantee to the campus community a businesslike administration of these publications.

It is the responsibility of this committee to provide a wholesome and free expression of the character and life of the campus community. The committee shall submit annual reports to the council, which will make them public.

HOUSE GOVERNING COMMITTEE

The duty of this committee is to require each College residence unit to formulate a system of house rules subject to the approval of the committee.

The committee, however, has not functioned during the 1947-48 school-year.

Women's House Governing Association

EXECUTIVE COMMITTEE MEMBERS

Hozel Shomo	President
Doris Hinds	_Vice-President
Marion D. Wickham	_
Dolores J. Kelly	Treasurer

Gladys Evans, Jane Wyncoop, Jane Holl, Virginio Skaggs This organization, founded near the end of the 1946-47 schoolyear, endeavors to provide for unified democratic government of the women's dormitories. It follows a constitution drawn up by the residents of these halls. The members of the Executive Committee are elected by the Association at large; these officers serve for one schoolyear.

The purposes, os stoted in the Association Constitution, are: "To help Wesleyan College women strive for the betterment of their school, for the strengthening of their character, and for the development of their social competence; to encourage individual and community responsibility among themselves and throughout the College; to carry out such College Regulations as come under their jurisdiction; to form an official body for giving expression to the opinions of this group of college women in matters of general interest, with the authority given in the Grant of Powers established by this Constitution."

All the women residing in the various dormitories of the College are members of the Association.

Delta Psi Kappa

Delta Psi Kappa is a national fraternity composed of women majoring in physical education.

On May 17, 1947, the dreams of 14 girls were realized when the "phyeds" of West Virginia Wesleyan Callege became affiliated with Delta Psi Kappa. The phyeds had been an active arganization on the campus since the fall of 1945. At that time a group of physical education majars banded tagether under the leadership of Miss Charlotte Knepshield, with the goal in mind of later petitioning a National Physical Education Fraternity. The formal installation was held in May, 1947, with the national vice-president from Philadelphia conducting the service.

Charter members were Velma Smith, Betty June Reed, Mary Algene Baily, Imagene Randalph, Rayma Gene Brather, Mary Alice Cole, Maxine Birckhead, Betty Ja Hagsett, Fern Christafel, Gladys Evans, Hallace Wilson, Alberta Robinsan, and Alice Rass.

The pragram of the year included the sponsoring of "Wesleyanantics," a student variety shaw, furnishing pragrams for the State College Basketball Tournament; and an initiation dinner.

Alpha Gamma Delta

Alpha Gamma Delta, formerly the Sigmo Pi Delta local social sorority, made its debut on West Virginia Wesleyan's campus March 20, 1948, when the Alpha Omicron chapter was installed.

The second national women's froternity to be established at Wesleyon, (Alpho Gammo Delta), has as its colors red, buff, and green. The flowers are red and buff roses. The ideals and aims are "to goin understanding that wisdom may be vouchsafed to me, to cultivate acquaintance with the many whom I meet; to honor my home, my country, and my religious faith; to hold truth inviolable, and sincerity

and kindness essential; and to possess high ideals, seeking to attain somewhat unto them."

The activities of the year begon with the home-coming float portraying the "typical Wesleyon girl." The annual formal rush dinner, featuring a visit from the stork, at Mrs. Alonzo Miller's, was followed by a donce of the Upshur Building. Other activities have been a pledge dance for the girls and their dates, a bake sale, a marshmollow porty given by the pledges, and a sunrise breakfast climaxed by all attending church together.

Alpha Sigma Phi

This national social fraternity was founded at Yale College in 1845, and it is now one of the aldest and largest Greek letter fraternities.

Öriginally Chi Alpha Tau, a local fraternity on the Wesleyan campus, the group went national when it merged with Alpha Kappa Pi. Its merger in 1946 with Alpha Sigma Phi put Wesleyan on the map with a great many of the oldest and largest colleges and universities ocross the country. The Alpha Sig colors are cardinal red and stone grey; the official flower is the talisman rose.

Beta Nu chapter participated wholeheartedly at Hamecoming by entering a skit in "Wesleyantics," building a float for the parade, extensively decarating their house, and its members served as guides. During the year they gave a dance for the actives, held

a pledge dance, a spring formal, and assembly. Their minstrel show in March made good use of the Alpha Sig musical talent. This show was presented in the local high school and in other schools throughout the state.

Among the many Alpha Sigs who have made valuable contributions to the leadership on the Wesleyan campus are Bob Gay, Business Manager of the 1948 MURMURMONTIS, Eugene Ricketts, Playshap treasurer and member of the Publications Committee, Tene Barrelli, PHAROS sparts editor and member of the Conduct Committee, Jae Witek, varsity football and baseball player and president of the Spanish Club, and Alva Janes, member of the Wesleyan Band and dance orchestra leader.

The Alpha Xi Delta fraternity was founded at Knax Callege, Galesburg, Illinais, in 1893 and was the first national sararity to be faunded at West Virginia Wesleyan; its charter was granted in October, 1947.

Beta Sigma chapter began its activities with its installation in October and a semi-formal dance. At Homecoming, Alpha Xi Delta wan first prize for its parade float; Mary Lauise Coberly was Queen, and Marian Wickham, Mary Hadjis, and Alice Ross were attendants. A Homecoming tea was held for the visiting alumnae, and later a party was given for Sigma Pi Delta, then pledged Alpha Gamma Delta. In February, Alpha Xi held a Valentine's Dance and in May the traditional Rose Dance.

Other members of Alpha Xi Delta have distinguished themselves an aur campus. Barbara Capet, Mary Hadjis, and Barbara Hinchelwaad are cheerleaders. Mary is alsa Treasurer of the Betty Lamp Club. Lena Flinn is Secretary of the Junior Class, Mary Lauise Caberly is Ca-Secretary of the Cammunity Cauncil, Lais Clark is Secretary of the Panhandle Club, and Hazel Shama is President of the Wamen's House Governing Association and the Betty Lamp Club. Jean Simpson is Secretary of the Betty Lamp Club and Jane Wyncaop is Secretary of the Saphamare Class, Ca-Secretary of the Cammunity Cauncil, and Secretary of the Wamen's Athletic Association. Nelle Selby, ane of the 21 pledges, is Secretary of the Freshman Class.

Kappo Alpha, one of the original southern fraternities, bases its doctrine and teachings on the ideo of the "perfect gentleman" as exemplified in the life of Robert E. Lee. The first chapter was established at Washington College, now Washington and Lee University, in 1865. The flowers of the order are the Crimson Rose and the Magnolia blossom. Its motta is "Dieu et les Dames" and the colors are crimson and old gold.

This year the chapter entered a skit in Wesleyantics, porticipated in all intra-mural sparts, and sponsored a hay-ride, masquerade and theater parties, a semi-formal Christmas dance, Saint Patrick's day dance, and their annual Spring Formal.

Charles Danley was ca-coptain of the varsity football team, Jim Morris is President of the Sophomore class, and John Wright was Treasurer of the Benzene Ring, as well as Chairman of the Inter-fraternity Council.

Kappa Alpha Omega

Kappa Phi Omega, the only lacal sorarity remaining on the campus, was organized in October, 1925. It was the second waman's group on the campus. Included among their aims are friendship and love toward every student, a broader spirit of democrocy, and a high standard of scholarship. Their sararity colors are archid and yellow and their flower is the yellow tea rose.

At the beginning of the year a party was held in Dr. Hyma's apartment. Several cake porties followed

and a work-fest, held by the president, Billy Ann Wally, preceded the rush party which centered around the Presbyterian church and the Lion's Den. A timely float, predicting the death of Waynesburg, was entered in the Hamecaming Parade. A pledging ceremony was held at Mrs. J. E. Reger's Buckhannan hame.

The sorority was not fully active this year, but it expects to resume full activities of the beginning of the next school year.

Sigma Eta Delta

The Sigma Eta Delta lacal fraternity was founded on West Virginia Wesleyan's campus in 1925. It was very active until 1943 when it merged with what was then the Alpha Kappa Pi. In 1947 it was reestablished as a local graup and now has 10 actives and 6 pledges. This fraternity exists in order that a group of Wesleyan men, possessing kindred interests, may be united within the bonds of fellowship for their mutual and individual benefit. The afficial

colars are red and white, and the flower is the red

carnation.

Members of Sigma Eta Delta have distinguished themselves in various ways since their re-organization. Lee Cosgrove is Treasurer of the Benzene Ring French Queen is on the debate team, and Harold Rohr, President of Sigma Eta Delta, is Treasurer of the Senior class.

The fraternity was active in intra-mural sports and won the volleyball taurnament. It also sponsored several "smokers" and a semi-formal dance in February.

The Benzene Ring dates back to 1921 when it was founded to "create a greater interest in physical science, acquire a wider knowledge of its various branches, and to establish the scientific department of the College on a higher plane."

It is recognized as being the aldest existent student arganization on the campus and, in the 1947-48 school year, it was the largest organization on the campus, having one hundred and ten members.

Initiation is held at the beginning of each school year. Membership is by invitation to those

students majoring or minaring in chemistry and who maintain an "A" or "B" average.

Meetings are held on the first and third Mondays of each school month. Distinguished speakers hold discussions and give lectures of an educational nature on the latest progress in scientific fields.

Part of the program of the year is "Wesleyan on Parade," an all student program of talent which is presented to raise money for campus improvements. The "crowning of the camphor king" is another tradition sponsored by the Benzene Ring.

At a meeting early in the schoolyear plans were made for the plays, both the major and one act dramas, that were to be presented during the year. The first major play, "Lost Horizon," was presented in January. Martie Kursavich, Danald Martin, Carleton McKita, Jomes Snedeker, Stanley Meyers, and Margaret Ann Cyphers were members of the main cost.

"Bargains in Cathay," a play by Rachel Field, was presented in assembly and in several high schools in the vicinity of Wesleyan. Leads in this droma were ployed by Carleton McKita and Margaret Ann Cyphers. The annual commencement play was "The Barretts of Wimpale Street," by Bosier. In addition to acting, two meetings were devoted to the development of make-up technique.

Associate members have performed natably this year, and the organization anticipates on even better year next year. Initiation of members who have completed entrance requirements took place the first week of May.

All major plays have been directed by Miss Stella Ward, faculty head of the argonization. Plays are chosen by Miss Ward in caoperation with the afficers and members of the group.

Christian Service Fellowship

The Christian Service Fellowship, an organization grawing aut of the Ministerial Association, was founded at Wesleyan in 1946. It was begun under the leadership of Dr. Brown and its former president, Charles Johnson.

This year Dr. Brawn is their sponsar and Professar Sidney Davis is acting as counselar. In this capacity, Prafessor Davis directs and advises the ministerial students in their activities in rural Methodist churches in surrounding areas. The purpose of the Fellowship is to unite an the campus oll students who are preparing for full-time Christian service. They endeavor to develop all phases of the student's life and to

render all possible services wherever they are needed.

One main project of the year, a continuation from last year's program, has been to hold religious services in the wards of the Stote Hospital in Weston. However mast of their wark is located in rural churches where they hold regular services to aid the student pastors. Also they work with the young people of these local areas to develop active youth groups.

Weekly meetings are held in Brown Chapel which the group remodeled last year. These meetings are characterized by discussions and special lectures on various phases of Christian work and needs.

Pi Epsilon Theta

Wesleyan's chapter of the Philosophical froternity, the first to be founded in West Virginia, was organized in 1947 and was formally initiated April 20, 1948. This fraternity strives to encourage the spirit of philosophical study, among students, both in and out of the classroom, and to emphasize the volue of voluntary discipline in serious inquiry. The motto, "Through wisdom to love of God," serves as a guide to the fraternity members.

All members of the fraternity must be Philosophy students who hove maintoined ot least a "B" average in related courses. Another requirement is the writing of some philosophical poper which moy be completed as part of a course of study.

The main activities of the year hove consisted of meetings at which discussions on designated subjects are held. Topics for discussion are frequently token from "The Personalist," a philosophical review published by the University of Southern California. Subscriptions to this magazine were presented to the members of the fraternity this year.

In November, a meeting of the entire West Virginia society, which is affiliated with the Academy of Science, was held at Wesleyan with the local group acting as host. Professors and students from all schools in the state came to hold discussions on various topics and to make a survey of canditions concerning philosophical study over the State.

The Women's Athletic Association was organized to increase recreational apportunities for Wesleyan Women. Its membership is open to all women students.

It is one of the largest and most active organizations on the campus. Meetings are held twice a month, ane being a business meeting and the other a recreational one.

Activities of this organization include: the annual week-end trips to Jackson's Mill, a Christmas party at which gifts are brought and distributed by the Girl Scauts among the unfortunate children of the town, a progressive party, a snow hike, picnics, and the presentation of the May Day program. The association is interested in furthering intramural sports and in promoting the physical welfare of women students.

The Morris Showkey chapter of the Future Teachers of America is open to all students who are preparing to teach. It is the fifth chapter in the state of West Virginia and was founded at West Virginia Wesleyan College in 1941.

The purposes of the organization are to study educational problems and to develop an active in-

terest in the teaching profession. Dr. James L. Hupp is sponsor of the chapter.

Projects of the organization have been observance of American Education week, the study of teachers' goals to interest more people in becoming teachers, the organizing of a high school F.T.A., a banquet with an outside speaker, and other noted speakers each month.

Betty Lamp Club

A chapter of the national American Home Economics Association, the Betty Lamp Club takes its name from a type of lamp used by pioneer housewives.

This organization is composed of members mojoring or minoring in Home Economics. It was established for the purpose of interesting girls in home economics and to provide social and professional aid. Meetings are held once a month at the Home Economics Cottage.

The Betty Lamp Club hos been active in sponsoring a special social affair in the Home Economics Cottage for Freshmen and transfer students. May held the most outstanding event of the year when the annual Mother-Doughter Bonquet was served. At that time, the new officers for the following year were installed and recognition was given the senior members. Miss Gladys Cronemeyer acts as advisor for the group.

Haught Literarh Society

Established in 1925 in honor of Dr. Thomas W. Haught, prafessor emeritus and college historian, this organization is limited to sixteen girls fram the upper classes who are interested in the literary arts. Graduating members name their successors to the organization.

The society's aims are to study literature and to

encourage intelligent criticism of letters and life. It also fosters the appreciation of literature and creative writing on the campus.

At each weekly meeting a discussion on a certain author is lead by a guest speaker or a member af the club. That week a quotation fram his warks is given by each girl in lieu of an answer to roll call.

THE WESLEYAN PHAROS, published semimonthly by the undergraduates of the College, is the student newspaper. This year, as in previous years, the staff has sought to report clearly and accurately the significant campus activities so that Wesleyan students may keep themselves informed about their school.

The editor and the business manager are appointed by the Publications Committee on the basis of applicants' journalistic experience, their schoolwork, and their interest in the PHAROS. The editor and the business manager select their own staffs from among those students interested in gaining journalistic experience.

The highlight of the 1947-48 schoolyear's activities was an April Fool edition of the PHAROS. It came as a complete surprise to the entire campus—including most of the PHAROS staff members.

Looking back through this '48 MURMURMONTIS as we go to press, we note with dismay how far we've strayed from the perfectionistic ideals with which we undertook this task. Like most of our contemporaries unfamiliar with printing techniques, engraving processes, editarial methods, and the like, we accepted our task in the naive belief a yearbook practically makes itself—all we had to do was sort the pictures as they accumulated and "goo" them, not too sloppily, in some kind of order. Samehow we'd confused "yearbook" with "scrapbook."

Of course we eventually caught an; then, face to face with the enormity of our task, we realized we'd have to compromise with ourselves on our perfectionism if we were to get out a book at all. Consequently we limped along as best we could with what coaperation, equipment, and assistance we could command. Lest all this sound too apologetic, take nate of this parting shot: next year is another year ond YOU will have the opportunity to make the 1949 MURMURMONTIS everything you think a yearbook should be. Our blessings rest upon you.

The Band

The Wesleyan Band, formed to provide color and spirit at athletic events, and to permit study of the best music for the concert band, functions under the direction of C. Buell Agey. During the year it ployed at most of the football games and at the outdoor festivities during Hamecaming Weekend. The band gained new prestige by winning a silver cup as a reward for being the best marching unit in the parade. Three Majorettes and two active Drum Majors also gave grace to our group.

When Basketball season come around, the band appeared again, playing for several games. At various times the group was conducted by members of the class in Directina

which was studying under Professor Agey.

A good spirit of cooperation between the band and the cheer-leaders was shown and many events were heralded by the strains of "Here's To Old Wesleyan" and "West Virginia Wesleyan." Some of the members were students of instrumental music but many of them play for pleasure alone.

A successful season hos prompted Mr. Agey to begin preparations for next year. The main feature of the preparation so far hos been the purchase of new uniforms in the gay colors of the "Bobcot" orange and black. These uniforms follow the style of the "battle jacket" and include a hot patterned after the hot of a flight officer.

Under the direction of our new professor of music, Charles W. Forlines, the Wesleyan a capella Choir began the 1947-48 schoolyear by presenting a special anthem in the chapel services held each Tuesday morning in Atkinson Chapel. The first full concert was not given, however, until the Thanksgiving holiday, when a successful program was sung.

During the first semester, the Choir moved from its occustomed spot in the balcony to occupy a prominent place on the stage at many of the religious services. During the Christmas season, a special concert was sung for the public. This service was carried out by candlelight, and was repeated next day in chapel.

With the second semester came intensive preparation for the annual taur of the Choir. On Palm Sunday a sacred concert was pre-

These concerts were presented by the entire group, seventy in all.

A picked choir, numbering thirty-five, travelled for a week over portions of the Tri-State orea, leaving the College on Easter Monday. They appeared in both churches and high schools, and the programs included selected sacred and secular music.

On April 18, the Choir conducted the morning service in the First Methodist Church, Buckhannon, rendering their regular tour program. On the second of May, they appeared in Clarksburg and in Parkersburg. The final presentation of the Choir in the 1947-48 schoolyear came in May when the group sang at the Baccalaureate Service for the '48 Class.

The Guild is a national organization with headquorters in New York City. It has a dual purpose, one of which is improving church music. The other, and probably more important, is the promotion of the organ as a concert instrument.

Local chapters are located in nearly all American cities and are connected throughout the country with many music schools, conservatories, and colleges stressing music. In the Wesleyan chapter, meetings ore held at which musical programs intended to further these purposes are presented.

The membership is composed of Buckhannon organists and students studying organ in the College.

The Orchestra

Also under the direction of Professor C Buell Agey, the Wesleyan Orchestra has become an important port of the College music oppreciation program. Emphasis in their work is placed on interpretation and execution of a high grade of symphonic literature. The organization affords a splendid medium for subjective art experience.

The activities of the Orchestra are varied;

MEMBERS

Julia High, Harry Little, Victor Norris, Corol Stalnaker, Thomas Slock, John Tucker, John Glauner, Mary Herrick, William Townsend, Anna Young, Pat Pickens, Helen Fischer, Groce Thompson, Roland Piggford, Richord Lawson, Edward Crow, Pat Lamar, George Weigle, John Stout, Russel Wise, Betty Skoggs, Charlotte Agey.

they include formal concerts, assembly programs, and other performances in corroboration with the choral and dramatic societies on the campus. Since the advent of the radio station in Weston, with studios on the Wesleyan campus, the Orchestra—or portions of it—have been featured on many programs. They have also appeared on other stations in surrounding towns to represent Wesleyan.

Richard Band, Barbara Capet, Mary Anne Clark, James Dean, Barbara Hall, James Hall, George Hull, Dan Kelly, Larry Marquess, Grey Marsh, Bill Newbraugh, Paul Smith, Virginia Withers, Leslie Watkins, Julia Cheng, Jim Brown, Melrase Perry, Larry Riley. The French Club was introduced on the campus this year with the purpose of promoting the study of the French language and a love for French literature and culture.

Members of the society are chosen from students who are toking, or have token, French. In their bi-monthly meetings they sing, play games, read, hear lectures, and learn French hobits, customs, and colloquiol expressions. In addition, an effort is made to stimulate interest in other foreign languages.

Spanish Club

The Spanish Club was faunded this year to increase interest in the Spanish language.

At the bi-monthly meetings the members enjoy interesting progroms designed to inform as well as entertoin, and to promote good will toward our neighbors in the sauthern hemisphere.

Dr. and Mrs. McKee are the sponsors and organizers and have done much to foment interest. They have presented lectures from time to time on phases of Spanish literature, music, history, and customs. Mrs. McKee, a concert soprano, has also taught the club members many songs and games.

Under the sponsorship of Professor William Hollom, the Radio Club was organized in October, 1946. Professor Hollom, vitally interested in radio himself, encourages all persons interested in radio to join the group.

Weekly meetings ore held on Wednesdoys at which the members work on rodio sets and study code and other phoses of omoteur broadcosting. Their purpose is to develop on interest in omoteur rodio, helping members to obtain their omateur radio licenses under the Federal Communications Commission regulations. A few of the members of the club are active in the new rodio station set up in Weston, with studios in the College, early in the second semester.

The group is now working to set up on omoteur station in which the whole club may participate.

Lambda Theta Mu

This local fraternity was founded an the Wesleyan campus in 1944. Membership is limited to the foodhandlers working in Agnes Howard Hall. They have organized to seek the best possible warking conditions and to form a unit for social activities. It is considered an honorary organization.

The main events of the year for this group consisted of a Valentine party at the residence of Ed Crow, the daily "coffee club" and song fest, and a waiter's banquet at the end of the year to give some of the girls a chance to serve the waiters.

ASSOCIATE MEMBERS

Ed Canley, Alexander Villers.

Students from the northern panhandle of the state of West Virginia compose the membership of this active social organization. In addition to its primary social function, the group exists to promote the interests of Wesleyan in the northern panhandle.

There is an alumni panhandle group in Wheeling. At Christmas the two groups held a Christmas party at the YMCA in Wheeling. Board of Trustees President, Mr. Clyde O. Law of Wheeling, is sponsor of the club.

This group, whose membership is composed of those students and members of the Faculty native to Pennsylvania, exists to promote Wesleyan's interests in the Keystone State as well as to bring together Pennsylvanians interested in planning social activities for the benefit of both the group itself and the campus community at large.

Only loosely organized this past year, no list of members was kept, but approximately 75 persons attended a "weiner roast" held in the City Park at the beginning of the

first semester.

Phoenix Club

The Phaenix Club, o male social organization formed to promote fellowship omong its members here on the compus and after graduation, was organized in October, 1947. Their aim is to take active part, os a group, in all phases of campus activity.

They began the year by entering a float in the Hamecoming Parade. This was fallowed by the porticipation of two active teams in the intramural basketball tournament; these teams tied each other for tap honors during the season. On March 5th, the Club sponsored an all-campus dance at the Buckhonnon Lion's Club den. This activity proved to be a very bright spot in the campus program.

Club meetings ore held an the second and third Tuesdays of each manth. They are a non-fraternity group and are recognized os a full-fledged arganization on the campus by the Community Council. Several of their members are well known on the campus—among them, "Sac" (Jim) Hall, the campus Kilray. President of the Community Council Bill Pugh, and Bab Brannon, rodio announcer and star of the Senior musicol, "New Orleans," are also among the well-known members. Mony of the men on the basketball squad and twa of the football stars appear on the membership roster of this arganization.

Senior Scouts

In April, 1947, a small group of students, who were once active Boy Scouts, got together and decided to form a campus chapter of the national Scout fraternity, the Alpha Phi Omega. Led by Jock Snyder, the group took a census of the student body and found that 152 men had at one time been Scouts. Of this number, three were Eagle Scouts, the highest rank in Boy Scouting.

The national headquarters of the fraternity sent, in May, moterial for the group to build a chapter on the campus, but since the end of the schoolyeor was so near only a small beginning was accomplished at that time. When the College opened again in September the group continued its efforts to attain the membership required to activate the chapter. When, at length, the group found it was unable to achieve this quota due primarily to the financial obligation required, it was decided to waste no more time in an inactive status. On December 3, 1947, it was moved and passed that the potential campus chapter of the Alpho Phi Omego froternity dissolve and reorganize in the senior scouting category of the Scout Movement.

With the help of District Commissioner Thurman Frashure, it was decided the group could best organize itself as a Scout Explorer Post. In April, 1948, the group received its national

post charter in which it was officially designated as the West Virginia Scout Explorer Post No. 129.

Eorly last summer, two members of the embryo organization, Bill and Horvey Brown, went to aquatic school in Ohio for five weeks. They were qualified there to work as life guords ond swimming instructors, in which capacity they served through the summer at the West Virginia Scout Camp. Two other members, Mel Harold and Jock Snyder, attended the Crippled Children's Camp at Camp Horseshoe where they served as instructors and counselors.

During this schoolyear the organization sponsored a dance at the Student Union ofter one of the football games, and in January they held an evening of games and dancing also at the Student Union. A substantial amount of the decorating for the St. Patrick's Day dance was done by the group. The College weekly bulletins are distributed regularly by members of the Explorer Post.

Two of the members, Lejeune Lewis and Bob Lindstedt, serve as Scoutmaster and Assistant Scoutmoster, respectively, of the local Boy Scout troops. Thurman Frashure is District Commissioner of Upshur County. Jack Snyder is one of only two registered Choploins in West Virginia.

Tracing only superficially the unmarked passageway laid out by the unnumbered schoolyears journeying through Time in minute-measured precision out of the future, through the present, thence into the lost, unremembered, infinite past, the 1947-48 schoolyear seems one with those it has followed. It is one only seemingly, however; the skillful, busy brush of Change, working tirelessly, subtly, has made the year unique for those of us from whose lives the seconds and minutes of this year were mined by the flooding tides.

We'll remember the year for its being more than a cease-less succession of weary days and endless nights; often, perhaps, it was only that, but more often, it was an intense, throbbing, living thing that lifted our hearts with its courage, its cry of hope in the darkness. We'll remember the year not for its total impression—few will stop to tally it in that sense—, but we will hoard among our memories its highlights which we see in retrospection as the climbing crests of the surging wavelets breasting the great time-river moving the year out into the lost, unshored sea of Time past.

(Éd. note: Those unfamiliar with the mechanical processes of yearbook composition may question the inclusion of some 1946-47 schoolyear pictures while some of this year's significant events have gone unpictured. The answer is simply this: an annual scheduled for delivery in May cannot include pictures taken after mid-February due to the long interval required to complete the mechanical processes between taking the pictures and delivering the finished engravings to the printer. As a result, either events occurring after mid-February go unpictured entirely or, as in this case we have done, those pictures are carried over to the following year's annual.)

Page One Hundred and Thirty

"... there is time there. (Have we not heard strange time, dark time, strange trogic time there? Have we not heard dark time, strange time, the dark, the moving tide of time as it flows down the river?)"

Its short course run, the 1947-48 schoolyear is now blended imperceptibly into the vast, void, rising sea of Time past, Time lost, Time forever beyond. Not an hour, a minute, a tiny, infinitesimal second shall ever return to do our bidding. It is all irrevocably lost, all forever-gone.

And yet, who can deny the memories, the foint tracings of the flood's tide-marks, left behind by the year as it was swept relentlessly seaward? Are not these present evidences tangible assurance the year is not entirely gone—that some of it will live forever with us? Surely Change will not completely disavaw all this—surely Time will not erode these tracings so thoroughly os to leave us nothing of this year; some parts of it will surely remain indissolubly within us. And yet, yet:

". . . in the night time, in the dark there, in all the sleeping silence of the earth have we not heard the river, the rich immortal river, full of its strange dark time?"

A picture of the present will become a fond memory, but what of the future—on your own? There will be no bonds to your vision, initiative, or application. Our best wishes are extended to you, knowing that you'll make the most of the opportunities which fortunately are still unrestricted in America.
